

TWO OF STICK-UP GANG HELD IN LEE COUNTY JAIL

WIDELY KNOWN SWINDLERS ARE OBJECT SEARCH

Officers Claim Identity Of Blacklidge Sharps Is Known

BULLETIN.
Chicago, Jan. 27.—(AP)—Police investigating the alleged faro game in which Mrs. Myrtle Tanner Blacklidge says she lost \$50,000 in borrowed cash and \$207,000 in paper profits, were seeking four men today, all described as widely known card sharks and swindlers.
Row Brower, alias Burgess, was hunted, Chief of Detectives J. Norton said, as the "steer man" who Mrs. Blacklidge said, lured her into the game by posing as a friend of her late husband. The others whose arrests were ordered were Charles Fernandez of Cleveland, Frank Hall, alias Davis, of Chicago and Joliet, and Robert Newburn of Wichita, Kas.

Mrs. Blacklidge, who went to a Chicago hospital after her Springfield experience, yesterday was removed to a private home.
Chicago, Jan. 27.—(UP)—The names of three men who secured \$50,000 from Mrs. Myrtle Tanner Blacklidge in a faro game at Springfield are known to police, it was claimed today by Lieut. Frank Johnson, who is in charge of an investigation of the game.
Johnson is a veteran in the work of solving confidence game cases. For 25 years he has studied closely the features of every man arrested on any kind of a swindle charge and it has been said he can recognize on sight more professional confidence men than any other policeman in the country.

He also knows, without looking up records, just the kind of schemes most of the hundreds of confidence men in the country have worked most frequently.

Pictures Identified
The detectives said photographs of one of the men have been identified, presumably by Fred Litsinger, nephew of Edward R. Litsinger, member of the Board of Review.

Fred Litsinger was with Mrs. Blacklidge when \$50,000 lent her by Edward Litsinger disappeared at Springfield. Mrs. Blacklidge, who assigned Saturday as Collector of Internal Revenue, claims the money was lost at faro. Litsinger claims he was robbed and has charged publicly that Mrs. Blacklidge was a party to the robbery, securing the \$50,000 loan by a false story and luring Fred Litsinger into the presence of the men who escaped with the money.

Mrs. Blacklidge, who became seriously ill after the loss was disclosed, was in seclusion today at the home of friends. Johnson had been unable to interview her.
State's Attorney John A. Swanson yesterday issued a statement that he believed if the men were captured they should be prosecuted at Springfield on a charge of robbery rather than on a charge of operating a confidence game.

CHECK RECORDS

Cleveland, Jan. 27.—(AP)—Bertillon records and pictures of three men who were arrested here last November 7 after swindling Cleveland business men out of \$1,990 at cards have been forwarded to Chicago police for possible identification as the same men wanted for the \$50,000 faro fleecing of Mrs. Myrtle Tanner Blacklidge.

The swindlers escaped prosecution here because the hotel at which they were arrested feared the notoriety and their victims would not admit their losses publicly. The photographs were forwarded by Detective Sergeant Jacob Stewart, who made the arrests here, after noting the similarity of their descriptions with those Missman and Russell Grobe, the men wanted in Chicago.

Steady Decrease In Employment

Chicago, Jan. 27.—(AP)—The Federal Reserve Bank of Chicago reported today that employment in the seventh Federal Reserve district had decreased for fifteen consecutive months.

In December, when the rush of holiday trade was expected to furnish additional jobs, the average number employed in manufacturing plants was 80 per cent of the 1929 figure and the total pay rolls were 70 per cent of the same month a year ago.

CHIEF MOODY MADE ARREST.

Springfield, Ill., Jan. 27.—(AP)—M. C. Gray, 48, was arrested last night by Chief Walter Moody of the State Highway Police on a charge of selling to merchants advertising in a book with which he was not connected. Gray, who said he came to Springfield two months ago from Connecticut, was taken to the Madison county jail at Edwardsville. The complaint against him was signed by State's Attorney A. C. Bohm there. Bohm said Gray had operated in Macoupin, Montgomery, Madison and other counties.

Terse Items of News Gathered in Dixon During Day

OVERHEATED STOVE.

The fire department was summoned to the Frank Teeter residence, 813 Woodman avenue, last evening where an overheated stove had caused an alarm to be sent in. There was no damage to the property.

GET BREAD AND FLOUR.

The Goodfellows today acknowledged receipt of a large consignment of bread from the Snow White bakery and eighteen large sacks of flour ground from the grain donated by farmers of Dixon township.

IS NOT CANDIDATE.

Robert Sterling, well-known local druggist and president of the Chamber of Commerce, stated today that he is not a candidate for the office of mayor and any agitation to make him such is without his sanction.

COTTAGE RANSACKED.

Emanuel May, residing east of the city in a cottage along Rock river, reported to the Sheriff's office this morning the loss of several articles from his place over the week-end. The cottage was entered and ransacked and practically everything of value taken. Deputy Sheriff Ward Miller was conducting an investigation.

FOUR DAYS MORE.

Pupils in Dixon schools who plan to try for the \$100 prize for the best poem on the lines "I was brought up in Dixon, Dixon out in Illinois," have just four days more in which to submit their poems to "Poetry Editor, The Telegraph." The contest will come to a close at midnight Saturday, after which the entries will be turned over to the judges.

THIRTEEN IN FIELD.

Three candidates for mayor and ten candidates for commissioner were expected to file their petitions with City Clerk Blake C. Grover before midnight tonight, today being the last day for filing. But one candidate had appeared in the field of contestants at noon today for Police Magistrate, that being the present incumbent, A. E. Simonson. The primary city election will be held March 3 and the election on April 21.

JUNIOR BOYS BAND.

The first meeting toward the organization of a Junior Boys' Band, the purpose of which is to provide instruction for beginners on band instruments to a point where they can qualify for places in the boys' band, was held at the M. E. church last evening with 114 ladies, all beginners, in attendance. The instruction will be given by W. H. Flamm of this city, who will conduct class lessons, and the expense will be borne by the parents of the boys.

Doctors' Report On Whiskey Used

Chicago, Jan. 27.—(UP)—Residents of Illinois and Wisconsin drank 177,715 gallons of whiskey for medicinal purposes last year although they legally might have drunk more than twice that quantity.

A total of 14,714 books, containing 1,471,400 prescriptions, was issued to 10,000 physicians in Wisconsin and Illinois last year, according to the annual report of E. C. Yellowley, supervisor of permits for the Chicago area. A pint of whiskey is obtainable with each prescription and each of the 10,000 physicians was entitled to four prescription books for the year or a total of 40,000 pint prescriptions. The amount of whiskey consumed in the two states was far below the 500,000 gallon quota.

Production of industrial alcohol in Illinois during 1930 was 10,629,434 gallons as compared with 15,188,992 gallons in 1929.

Girl, Aged 9, Aids In Foiling Holdup

Evergreen Park, Ill., Jan. 27.—(AP)—As a mail or money guard, nine-year-old Alice Hart has proved she can be a success.

Her father, Clyde V. Hart, is a railroad station agent. He smiled when Alice said she had come to help him guard the mail.

Shortly after her arrival, however, she saw a man enter with a pistol, demanding money. Hart grappled with him. The intruder fired twice. He was about to fire again when Alice, on tiptoes, jabbed him in the head with a piece of sharp tin. When he dropped the weapon Alice kicked it away. The rest was easy for her father. The would-be robber gave the name of Joseph Shue.

CANDIDATES FIGHT

Chicago, Jan. 27.—(UP)—Two rival candidates for alderman, William A. Cunnea, Jr., and George Lehr resorted to fists during an argument in the election commissioner's office yesterday when Cunnea filed an objection to Lehr's petition. Witnesses said Cunnea landed one blow on Lehr's nose, drawing blood. Policeman James Denny, detailed to the office, separated the rivals.

PARTY DISPUTE MAY ACCOMPANY PICKING JUDGE

Man Backed For Bench By Minnesota Senator Now Wanted

BY PAUL R. MALLON
(United Press Staff Correspondent)
Washington, Jan. 27.—(UP)—Braving the threat of a party dispute of major proportions, Attorney General Mitchell today informed the Republican Congressional delegation from Minnesota that its candidate could not be appointed to the new Minnesota Federal judgeship.

At the same time, Mitchell issued a 1,000-word statement explaining his opposition to the candidacy of Ernest Michael, Minneapolis attorney and center of an extended controversy. He questioned Michael's qualifications and invited Michael's endorsement—Senator Schall and all Republican members of the states House delegation—to present other names for consideration.

Not in recent years has a patronage dispute been handled in the manner Mitchell employed. For several months Schall has been active in Michael's behalf, visiting the White House frequently. Members of the House delegation also called upon the President.

While no open threats were made, it was the generally accepted view that unless the administration chose Michael, it would have a fight on its hands to get else confirmed in the Senate, and might also encounter open warfare with a large wing of the party in Minnesota when the time comes to choose delegates to the 1931 Republican national convention.

Despite the pressure brought to bear upon him, however, the Attorney General, whose home is in Minneapolis, has refused silently up to this time, to go along with the organization. He is understood to have had the backing in Mr. Hoover's office of two secretarial advisers, also from Minneapolis.

Got Many Protests
The Attorney General did not mention Michael by name in his statement, but left no doubt as to his recommendations to Mr. Hoover about the appointment.

"Our file of protests against this nomination is more impressive than in any other case before the department for years past," Mitchell said. "My refusal to recommend the Senator's candidate is not merely a matter of personal judgment. From lawyers and judges all over the state have come vigorous protests against the appointment."

"No man has a right to aspire to appointment to the Federal bench whose professional activities have been conducted in disregard of those standards of professional conduct which right-thinking lawyers have traditionally tried to maintain."

"It has been stated in some quarters that some one man is my choice for this post. That statement is without any foundation. It also has been suggested that I desire to bring about appointment of a Democrat. On the contrary, I have said repeatedly that under the conditions I think a Republican should be appointed."

"I have been told I might help President Hoover politically in Minnesota if I should recommend this appointment. President Hoover has raised a standard of judicial appointment in which political 'usefulness' does not enter. He has refused repeatedly to be bent by such motives. I am sure the people of Minnesota approve his attitude."

Former Kaiser Is Celebrating Today

Doorn, Holland, Jan. 27.—(AP)—His once Imperial Majesty, William Hohenzollern, today celebrated his seventy-second birthday quietly at Doorn House in the Dutch village of his exile.

Many messages of congratulation came from Germany and a number from American friends. Here, where the former Kaiser lives like a country squire, he worked as usual in his resarum, digging and chopping wood like one of his Dutch laborers. His daily constitutional through the village was part of his birthday routine. Most of his family were present except Prince Oscar, who has been operated upon and is recuperating in a Berlin hospital.

FREIGHTER IN DISTRESS.

Washington, Jan. 27.—(UP)—Coast Guard headquarters announced today the cutter Champlain has been ordered out from New York to aid the Shipping Board's freighter West Kayaska, which is in distress 1,000 miles east of Boston. The freighter reported it had lost its propeller and was drifting in a heavy sea.

BABY NEEDED HER

Carbondale, Ill., Jan. 27.—(AP)—Because she said her baby needed care and would cry if she served on a jury, Mrs. Edna Harstock of Elkhart was excused from jury service by Justice A. L. Spiller.

FIVE MEN HELD IN ROBBERY OF WIEBOLD STORE

Robbers Got \$19,200 After Fight With Police, Guards

Chicago, Jan. 27.—(AP)—Five men were being held by police today in connection with the robbery yesterday of \$19,200 in a Wiebold department store on the northwest side. The money was seized as two policemen and two bank guards neared a first floor exit of the store. Three robbers came up out of the basement stairs, a fourth appeared in the doorway and a fifth was standing at a counter.

At a signal from the man standing at the counter, the policemen and guards found themselves surrounded by the five bandits, all with drawn pistols.

At the command to "stick 'em up" a fight started and amid the roar of the pistols and the screams of women customers one of the robbers seized the box containing the money and started for the exit. Policemen William Binder, lying wounded on the floor, fired and the robber was seen to stagger. His companions dragged him to the street and into the bandits' automobile in which they all escaped.

During the melee Joseph Andrafco, 32, was wounded. The men in custody were said by the police to be relatives of Andrafco, but whether he was connected with the robbery has not been determined by the authorities.

Two other men were arrested today when they appeared at the county hospital to obtain treatment for a leg injury one of them had suffered. The wounded man is Nathan Gombberg. He claimed he received the injury in an automobile accident but hospital doctors expressed the opinion it had been caused by a bullet. His companion, Daniel Waller, corroborated his story.

An automobile identified as the one in which the store bandits escaped was found today by police who reported finding bloodstains in the tonneau.

Girl Finds \$1500 Gem In Old Mine

Cherokee, Cal., Jan. 27.—(AP)—A to be worth \$1500 was found in the rough diamond, estimated by miners' tailings of the old Cherokee hydraulic gold mine here yesterday by a school girl, Cora Jackson.

In the last fifty years 475 diamonds have been picked out of the hydraulic tailings, but no systematic attempt ever has been made to mine the stones.

Cora's diamond weighs 2 1/2 carats.

BROPHY REPORTED SAFE

Shanghai, Jan. 27.—(UP)—Dispatches received here today said that G. W. Brophy, aviator who had been missing was safe at Hunchang.

It was believed that he became lost in a snow storm, while flying from Poochow to Canton. He was long overdue at the latter city.

Brophy was on a lap of his proposed flight from Shanghai to Manila when he disappeared.

WEATHER

TUESDAY, JAN. 27, 1931.
By The Associated Press.

Chicago and Vicinity—Cloudy and colder, preceded by light rain turning to snow early tonight, lowest temperature about 25; Wednesday partly cloudy; fresh northwest winds diminishing.

Illinois—Partly cloudy, probably light rain or snow in extreme northeast, somewhat colder in north and central portions tonight; Wednesday partly cloudy, colder in south and central portions tonight; Wednesday partly cloudy, colder in south and central portions.

Wisconsin—Partly cloudy and cold tonight; Wednesday generally colder, much colder in northeast portion tonight; Wednesday generally fair, slowly rising temperature in northwest portion.

Iowa—Partly cloudy, colder in east and south portions tonight, Wednesday fair, somewhat warmer in northwest portion.

THE HISTORICAL ROCK RIVER VALLEY.

The suggestion made recently by Mr. Edward Vaile that Dixon sponsor a movement to form a Rock River Valley Historical Society is meeting with the encouraging response that this splendid idea merits and it should be carried through to a successful conclusion.

The whole Rock River Valley, from Wisconsin to Rock Island is replete with interesting and important historical data. Much of it is not properly preserved and may be lost to future generations unless some organization interests itself in its preservation.

Dixon's geographical location makes this city a convenient spot for the headquarters of such organization and the rich store of historical lore that clings to this city and vicinity is another reason why Dixon should take the lead in such a movement.

Next year will mark the 100th anniversary of the Blackhawk War, when the United States army erected a block fort at Dixon and when the great Lincoln came as a young soldier to give his first service to the nation he was destined to preserve in later years. Many other famous Americans were here at that time. But that is only one of a great volume of interesting and valuable facts that the whole length of the Rock River valley can produce, and we must have an organization that can give authority to the compilation of all of these historical facts and that will see to it the Rock River valley history is faithfully and accurately recorded for the benefit of the present generation as well as those who will come after us.

There are historical facts that now are recorded nowhere except in the memories of some of our very oldest citizens—interesting facts that will be lost when those pioneer men and women are gone, unless they are written down and preserved by some person or organization which can vouch for their authenticity.

The Telegraph believes that in every community in the Rock River Valley there are many individuals who would be interested in such a movement as has been suggested and who will join with Dixon in this work. If a meeting can be called in Dixon asking for delegates from all of the cities and towns in the valley we will find many people who will aid in raising the necessary funds to carry on the work.

The Rock River valley can offer scenic beauty and historical interest of sufficient importance to attract visitors from all over the world.

THE EDITOR.

Historical Soc. Committee Named

At a recent meeting of the Board of Directors of the Dixon Chamber of Commerce, it was unanimously voted that President Robert W. Sterling, appoint a committee with a Chairman and Secretary to formulate plans to provide ways and means for the organizing of a permanent Lincoln and Rock River Valley Historical Society.

In accordance with this action of the board, President Sterling selected his appointees as follows: Edward Vaile, Chairman; J. A. Beard, secretary; Mrs. John C. Ralston, Geo. C. Dixon, Barry Lennon, Geo. Shaw and E. E. Wingert.

Famous Swedish Airman Badly Injured

Stockholm, Jan. 27.—(AP)—Captain Einar-Paul Lundborg, Swedish aviator who rescued Captain Noble in the disastrous Italian Polar flight, died today of injuries received this morning in an airplane accident.

Stockholm, Jan. 27.—(UP)—The famous Swedish flier, Capt. Einar Lundborg, was seriously injured today when his airplane crashed at Malmstaett airbase, Lundborg, who visited the United States last year, was outstanding in the rescue of the dirigible Italia while returning from the North Pole.

Lundborg's airplane crashed when taking off from the airbase. The craft fell and was demolished. Lundborg suffered a brain concussion, several broken ribs and breaks in both arms. His condition was very serious.

Lundborg thrilled the world in 1928 when he flew far over the Arctic fields and located the stranded party of General Umberto Nobile the Italian explorer, whose expedition had been ended by the wreck of the dirigible Italia while returning from the North Pole.

The Swedish flier took great risks in landing his plane on the ice floe and returning to safety with the injured Nobile, who later was widely criticized for being the first to leave the floe. Lundborg defended Nobile, contending that he had orders to bring back the commander and that he insisted that Nobile accompany him.

Later the Swedish aviator returned to the ice floe to pick up another member of the party, but his plane was wrecked in landing and he was forced to remain on the ice.

Lundborg visited the United States in 1929, accompanied by Mrs. Lundborg. He was given a great welcome by officials and public.

CRIPPLE STABS WIFE.

Mapleton, Ill., Jan. 27.—(UP)—Mrs. Fred Rantand, stabbed four times by an icepick, was believed recovering today in the hospital. Mrs. Rantand said she was stabbed in the breast by her husband, a cripple, as she was preparing to leave him.

EXPECT LITTLE DOING IN ILL. GEN. ASSEMBLY

Legislators To Have Short Week: Talk On Repeal Bill

BULLETIN

Springfield, Ill., Jan. 27.—(UP)—A resolution declaring that "conflicting opinion in the Wickersham report showed control of prohibition should be vested to modify the Volstead law so that the country may have light wines and beer was introduced in the Illinois state legislature here today by Representative James P. Doyle, Democrat, Chicago.

Boyle's resolution also called on Congress to call a constitutional convention of states to effect repeal of the eighteenth amendment.

The resolution was referred to a committee without debate.

Springfield, Ill., Jan. 27.—(AP)—A short week was ahead of legislators who gathered here today for the fourth week of the 57th session of the Illinois General Assembly. Debate on the O'Grady bill to repeal the Illinois search and seizure act, was all they were sure about. It was set as special order of business for tomorrow and adjournment till another week to give hotel space to the Illinois Agricultural Association was set to follow it.

Routine business was all that Speaker Shanahan predicted for the House this morning, and the same was true for the Senate. Committee appointments have not been completed, the Speaker said, and may not be until next week.

Farmers who gather here Thursday for the annual convention of the Illinois Agricultural Association, will hold several legislators here for the week-end. Adoption of a legislative program is a part of the convention plan, and for that reason legislators will be both interested observers and interesting subjects for the farmers to work upon. An increase income tax in Illinois will be part of the program. What other bills will have the farmer support will be decided. It is hoped by the Illinois Municipal League that the farmers will coincide with the view that a part of the three cent tax should go to cities and villages for improvement of streets, and that may likely provoke a discussion.

Re-Appointment Up

Re-appointment of Illinois senatorial districts was proposed in the House today by a down state, Arthur Roy, Republican, of Vandalia, as a move to block Chicago's plan for re-appointment matter to a committee of five Representatives and five Senators.

The downstate proposal would limit Cook county to twenty-districts, instead of eighteen as at present. This would give Cook county four Senators less and sixteen Representatives less than the bill introduced in the Senate last week by Senator James J. Barbour, Republican, Chicago.

Roy made the same request of the Legislative Reference Bureau for a redistricted map as made in the Senate by Minority Leader Thomas McCourtney, whose resolution has not been brought to action. He proposed redistricting effective by 1934, so that even numbered districts could elect Senators for a short term of two years and odd numbered districts could elect for the full four year term.

Schnackenberg said he sought merely to aid in getting a clear understanding of the problem by proposing a joint committee on re-appointment.

Former Sheriff Is Given State Post

Springfield, Ill., Jan. 27.—(UP)—Oren Coleman, former Sheriff of "Bloody" Williamson county in southern Illinois and who was credited with the successful suppression of various gangs of desperadoes in that section, was appointed Assistant Superintendent of Pontiac state reformatory by Governor L. L. Emmerson here today.

Coleman, a school teacher who turned law enforcer and made an outstanding success of it, replaces William Robb, former Streator Chief of Police, who suffered a stroke of paralysis some time ago.

Coleman went from principal of Marion township high school to an office of sheriff on a platform of law enforcement in 1926. He was selected as the man to drive the gangsters out of Williamson county.

His first objective was the extermination of the notorious Bruger and Shelton gangs. Bruger was hanged and his lieutenants sentenced to long terms in prison for their alleged part in the murders of State Patrolman Larry Price and his wife Ethel. From thence until the end of Coleman's term of office, gangsters avoided Williamson county.

When he took office murders in Williamson county averaged thirty a year. When he left the average had been reduced to five.

STEAMER IS AGROUND

Astoria, Ore., Jan. 27.—(AP)—Tugboats and Coast Guard cutters were attempting today to free the coast-wise steamer Admiral Nulton from the clutching sands of Grout's Spit at the mouth of the Columbia river.

CHARGES FILED AGAINST BOYS TAKEN MONDAY

Numerous Hold-Ups In This Section Laid To Sterling Gang

Mason Hacker, 20, and Kenneth Johnson, 17, both residing on farms in Jordan township, north of Sterling, members of the gang of gas station stickups who were rounded up yesterday in Sterling, were brought to Dixon yesterday afternoon by Sheriff Fred Richardson and Chief Deputy Ward Miller, after charges of robbery with a dangerous weapon had been filed against the five men by John Padgett, night attendant at the Third street standard service station, victim of two holdups, who identified Hacker, Johnson and Ginkinger at Sterling yesterday.

Arraigned before Justice Grover Gosholt, who issued the warrants, both youths were held under bonds of \$10,000 until this morning when they were arraigned for preliminary hearing. This morning another continuance was granted until this afternoon when Hacker requested that Attorney R. W. E. Mitchell of Sterling be retained to represent them. They were returned to the county jail to be held under the same amount of bond.

More Identifications

At the county jail here last evening Johnson was identified as having participated in the robbery of the Pine Tree Inn service station early in the winter and also of another station at Ohio and Spring Valley, Johnson told the local county and state officers of the conditions surrounding the shooting of Howard Layman, ex-convict, supposed leader of the gang on the night of December 10 at Spring Valley. Hacker was not along on that night, it was said. According to Johnson's confession, they left Sterling and drove to Ohio, where about 9 o'clock in the evening they held up an attendant at a service station. At that time they drove south to Spring Valley. Here they entered another station, Layman driving the car. The attendant was held up by Ginkinger and Ridout, according to his alleged confession and relieved of his money, while Johnson filled the gasoline tank of their car from one of the pumps and relieved the attendant of his money.

Driving rapidly away from the scene of their second holdup of the evening, another car passed them and a shot was fired through the rear window of the hand car, passing closely by Johnson's head and striking Layman in the right cheek. The bullet remained in Layman's face for about two weeks, it was said, and the victim and Ginkinger took the car and went into Iowa for a few days. Returning to Sterling, Ginkinger took Layman to a Sterling physician where the lead bullet from the 38 caliber revolver of Patrolman George Gloveski of the Spring Valley police force, was removed. While in Iowa, Ginkinger had the rear window replaced, it was said.

Driving rapidly away from the scene of their second holdup of the evening, another car passed them and a shot was fired through the rear window of the hand car, passing closely by Johnson's head and striking Layman in the right cheek. The bullet remained in Layman's face for about two weeks, it was said, and the victim and Ginkinger took the car and went into Iowa for a few days. Returning to Sterling, Ginkinger took Layman to a Sterling physician where the lead bullet from the 38 caliber revolver of Patrolman George Gloveski of the Spring Valley police force, was removed. While in Iowa, Ginkinger had the rear window replaced, it was said.

Officer Gloveski came to Dixon last evening and identified Johnson as one of the men implicated in the Spring Valley service station holdup. Johnson did not deny his part in the job and told of the shooting.

In Other Robberies
It was also reported this morning that State Highway Officers Hal Roberts and Frank Tyne of this city had obtained information from one of the two youths now held in the Lee county jail last evening, of a robbery in Carroll county during the late summer and additional arrests were expected this afternoon. No information was given out concerning the Carroll county robbery by the state officers, pending investigations which were under way this afternoon.

Ginkinger, Ridout and Layman were taken from the Sterling police station to the Whiteside county jail yesterday afternoon where they were viewed by many victims of recent holdups last night and today. Chief Deputy Sheriff Gene Flaherty of Princeton in Bureau county and victims of recent holdups in that vicinity were in Dixon this morning attempting to identify one of the two youths held here.

Both men talked freely of their several weeks of fearless banditry in Lee, Whiteside, Carroll and Bureau counties yesterday afternoon, but after spending the night in the county jail, would not answer questions this morning.

Both Johnson and Hacker discussed five robberies in their locality in which either one or the other has been implicated in the past three months. George Vickery was unable to identify any of the five men last evening as being connected with a double holdup of his service station at the east city limits.

Hacker is said to have told the officers that he feared for the final result of the series of holdups over a period of about three months, and had talked with Johnson, asking him to leave the gang and to reform.

society items.)

THRUSH IN A FOG
A bonny hawthorn tree
He sings to his full worth;
The heavens he cannot see,
He will not glance toward
earth.

Though the wet fog wraps
him close
No other bird is near,
Delight is all he knows,
Unshadowed by a fear.

With a bright and upturned gaze
And brave head lifted high,
His song can pierce the haze,
And thrill up to the sky

Till the shrouded hillsides ring
With joy undimmed by wrong;
He does not merely sing,
He is himself a song.

—Florence E. Buck.

St. James Missionary Society in Meeting

The St. James Missionary Society met at the home of Mrs. Leon Bur-
kett for an all-day meeting Thurs-
day and a picnic dinner was served
at noon which was much enjoyed by
all attending. As it was guest day
there were seven visitors present.

The meeting was opened by all
singing "Stand Up, Stand Up for
Jesus," and repeating the Lord's
Prayer. The Scripture lesson and
the clipping pages were led by Mrs.
Arthur Nelson, and after the quiz
was discussed, the program consisted
of a song, "In the Garden," by
Mrs. Edna Topper and Mrs. Arthur
Nelson, and a song by Miss Lillian
Shipper, "Clinging to the Cross";
Miss Dorothy Lutz giving some ana-
grams and Mr. Nelson gave a read-
ing, "When a Man's in Tune."

The officers for the society were
elected: Mrs. Arthur Nelson being
elected president; Mrs. Shipper as
honorary president; and Mrs. Loh-
myer as vice-president. The society
then sang "God Will Take Care of
You," after which the meeting was
closed with prayer. The next meet-
ing of the society will be held at the
home of Mrs. Martha Shipper, in an
all-day meeting.

Thursday Reading Circle Meeting

Mrs. Edgar Crawford of Nachusa,
entertained the members of the
Thursday Reading Circle on Thurs-
day afternoon in honor of her
mother, Mrs. Ida Bishop and her
aunt, Mrs. Bertha Pratt.

The program consisted of several
musical numbers by Mrs. Chas. Bish-
op and Miss Grace Louise Crawford,
which were greatly enjoyed. The
study book was read by Mrs. Chas.
Mumma.

Should Be Able to Do It If Necessary

Chicago, Jan. 27.—(AP)—Married
men should not be expected to go
in for dish washing except in emer-
gencies, the vocational guidance
committee of the state home eco-
nomics association was told. Miss
Ada Hess, state supervisor of home
economics, however, for when peo-
ple must eat in restaurants they
should know what things to eat and
in what quantities.

THE BONNIE PRINCESS

AS A KILT—
London.—(AP)—It's only right that
the Princess Elizabeth should have
a kilt, for her mother, the Duchess
of York, is Scottish. Elizabeth now
as one, presented to her father and
another when they inspected the
army's clothing factory, and made
especially for her.

MENU For the FAMILY

By MRS. ALEXANDER GEORGE
NOODLES, CORN FOR DINNER
Breakfast
Orange Juice
Wheat Cereal and Cream
Scrambled Eggs
Graham Muffins Coffee
Luncheon
Cottage Cheese and Pineapple Salad
Bread Butter
Head Lettuce and Russian Dressing
Oatmeal Fruit Cookies (filled)
Coffee
Noodles and Corn
(Serving 6)
2 cups cooked noodles
1½ cups canned corn
½ cup cheese, cut fine
2 tablespoons chopped onions
2 tablespoons chopped celery
1 teaspoon salt
¼ teaspoon paprika
1 egg, beaten
½ cup rolled cracker crumbs
4 tablespoons butter, melted
1 cup milk
Mix ingredients and pour into but-
tered baking dish. Bake 30 minutes
in moderate oven.

Oatmeal Fruit Cookies
(Four dozen)
1 cup fat
1 cup dark brown sugar
2 eggs
1 teaspoon vanilla
½ teaspoon salt
½ cup sour milk
2 cups flour
2 cups oatmeal (ground)
1 teaspoon soda
Cream fat and sugar. Add eggs,
vanilla, salt and milk. Beat well.
Add rest of ingredients and chill
dough. Roll out on floured board,
cut out with round cookie cutter.
On half the cookies spread fruit fill-
ing. Cover with remaining cookies.
Prick on tops, and bake 15 minutes
in moderate oven.

Paul Filling
1½ cups dates, chopped
½ cup raisins
1 cup light brown sugar
½ teaspoon salt
½ cup water
½ cup nuts
Mix dates, raisins, sugar, salt and
water. Cook slowly and stir con-
stantly until mixture thickens. Cool.
Add the nuts.

O. E. S. Card Party

Wednesday Evening

Will Be Enjoyed

All of the arrangements have been
completed for the big public card
party, to be given by Dorothy Chap-
ter, order of Eastern Star, which will
be held Wednesday evening, Jan. 28,
at 8 o'clock. Friends have arranged
for sixty tables and there will be a
number of tables held for those who
have not already accepted places.

The prizes to be given this year
were carefully selected by the com-
mittee and are believed to be the
most attractive ever offered at any
of these popular parties. Where there
are so many players everyone has an
equal chance to win a prize.

The refreshment committee mem-
bers are preparing for about three
hundred people and they have spent
considerable effort in arranging
their part of the program.

This card party is the first social
affair since the installation of offi-
cers and it will attract guests from
as well as most of those in Dixon
who are interested in bridge. Every-
one, including, of course the prize
winners, will feel well repaid for
having attended this annual event.

German Speaking Public to Enjoy Play

The German society of Wartburg
College, Clinton, Ia., known as the
"Wartburg Verein" will present a
play entitled, "The Librarian," at the
Immanuel Lutheran church Friday,
Feb. 13, at 7:45 P. M. The play con-
sists in four acts, has sixteen
characters and is two and one-half
hours in length. Tickets may be
had at Emil Neff's meat market.
The price of admission is only 35c.
The German speaking public of Dixon
and vicinity no matter what
creed or denomination is invited.
This is expected to be the largest
gathering of German speaking peo-
ple that Dixon has seen for some
time.

Had Operation In New York City

New York, Jan. 27.—(AP)—The
Daily News said today that Irene
Castle McLaughlin, the former dan-
cer, had undergone an operation for
varicose veins and is convalescing in
a private sanitarium.
"I am sorry the news leaked out,"
she was quoted as saying. "You see,
the only reason the operation was
not performed in Chicago, my home
town, is that I would get no rest.
The details of the dog asylum would
batter me to death."
She will leave the hospital in a
week, the paper said.

Clara and Daisy Want to Make Up: But Law Is Stern

Los Angeles, Jan. 27.—(AP)—Clara
Bow, screen flapper, stood revealed in
a new light today while her erst-
while pal, Daisy DeBoe, prepared to
endure the Irish stew and brooms
and mops of the county jail for an-
other week.

With a last-minute change by
heart Clara made a plea for mercy
for Daisy, the former secretary whom
she had caused to be convicted on a
charge of grand theft—and the
plea was in vain.

Meanwhile Daisy reconciled her-
self to at least one more week in
the county jail, as a result of the
granting of her plea for continu-
ance when she appeared for sen-
tence yesterday. Her attorney filed
a motion for a new trial.

Clara sent an appealing, Bow-
crested, Bow-scented note to the
District Attorney's office yesterday
asking pleas, couldn't her plea for
mercy for Daisy, convicted last Fri-
day, be communicated to Judge
William C. Doran. Judge Doran
holds Daisy's fate and is in a posi-
tion to give her a one-to-ten year
penitentiary term.

A Deputy District Attorney David
Clark, who prosecuted Daisy, dash-
ed Clara's hopes by saying the let-
ter could not be shown to the
court because the District Attorney's
office couldn't take sides in the
matter.

Daisy said, "It was nice of Clara,
but why didn't she help me when
she was on the witness stand?"
Then Clara became blue in a big
way, in her Beverly Hills boudoir,
where she is recovering from a bad
cold.

"Gee, I'm sorry," said Clara when
Daisy's plight dawned on her. "But
maybe they'll give her a break. We
were such good friends you know."
Judge Doran made known today
that he has received many letters,
from widely scattered states reach-
ing from coast to coast and border
to border, in which his conduct of
the trial is commented upon, both
favorably and otherwise.

A writer in Worcester, Mass., sug-
gested the best form of punishment
for Daisy would be "a good flogging."
Many others suggested clemency.

WOULD LIKE CARD TABLE COVERS RETURNED—

If the person or persons who bor-
rowed the card table covers from the
Masonic Temple will return them by
Wednesday afternoon or evening it
will be appreciated as they are need-
ed for the card party to be held by
the Eastern Star Wednesday eve-
ning.

MISSISS STAGER TO GIVE BENEFIT CONCERT—

On Thursday evening, Jan. 29th,
the Misses Clara and Mary Stager of
Sterling, assisted by Mrs. Forster as
accompanist, will appear in concert
at the township high school for the
benefit of the free soup kettle of
Sterling.

Concert at Church Was Much Enjoyed

The Dixon Symphony Orchestra,
with Mrs. W. H. Smith as leader gave
their annual concert last evening at
the Methodist church, the attendance
being good. The concert gave great
pleasure as was evidenced by the
hearty applause and encores. The
saxophone duet by Mrs. Krahler and
Dean Ball and the violin solo by
Dean Ball were the high points of the
evening, although the ensemble play-
ing of the orchestra was beautifully
done with credit equally divided. Fol-
lowing was the program which gave
much pleasure to all attending:

March, "Sword of Damocles".....Boehlein
March, "The Garland".....Boehlein
Romance, "Legend of a Rose".....Reynard
Saxophone Duet, "Neapolitan Airs".....
Mrs. Fern Krahler, Mr. Dean Ball
Enchanted Forest.....Spitalny
Selection, "Show Boat".....Kern
(a) Ole Uncle Moon.....Rollinson
(b) Serenade.....Toselli
Descriptive, "A Hunting Scene".....Lucalosi
Violin Solo, "Legend".....Wienlawski
Dean Ball
Selection, "Faust".....Gounod
March of the Mighty.....Hayes

Nelson Unit Held Meeting Wednesday

The Nelson Unit of the Home Bu-
reau held an all-day meeting Wed-
nesday with Mrs. Beulah Welsh of
Stone Station. The morning was
spent doing fancy work and visit-
ing. A tempting picnic dinner was
served at noon. Twenty-one were
present, including one new member
and three visitors.

The meeting opened with a song,
followed by roll call and the reading
of the minutes of the last meeting,
which were approved. Mrs. Roy Mc-
Cleary gave the reading on "Bugs
and Pests," which was very interest-
ing. A quartet rendered a selection.
The recreation period followed with
games and stunts.

The meeting then adjourned, hav-
ing spent a very pleasant and profit-
able day with Mrs. Welsh, to meet
again with Mrs. Florence Bollman,
Feb. 3.

Woman Mayor Loses Position

Redondo Beach, Cal., Jan. 27.—
(AP)—Mrs. May B. Hopkins was
elected as mayor of Redondo Beach
at a recall election yesterday. The
voters approving by 1,924 to 1,321
charges she was incompetent and
used her office for political ends.

AUXILIARY TO ST. LUKE'S CHURCH TO MEET—

The Women's Auxiliary to St.
Luke's Episcopal church will meet
Friday afternoon at the church at
2:30 in the Guild rooms. A good at-
tendance is desired.

What Paris is Wearing

By K. D'ORSAY

PARIS—Paris evening dresses are
taking more and more to bathing
suit habits. The advance fashions
in evening clothes, just presented
to Paris, via the midseason col-
lections, include dresses with no
backs at all, deep arm-eyes that
reach to the waist, skirts that hug
the middle part of the body, and
even the classic bathing suit belt
of ribbon—now set with a jeweled
fastening to make it harmonize
with other evening apparel.

This new ribbon belt marks a
great number of the newest even-
ing gowns. At its smartest, it is
either brown, or else some color in
sharp contrast against the hue of
the dress. For example a tur-
quoise-colored dress will have a
cerise belt, a white dress, an em-
erald-green belt. But no matter
what their color, they all fasten in
some primitive manner, with a
starchy bow, or a jeweled button
and simple loop.

The dress in the sketch is pat-
tered after a Lyolene model in
turquoise blue, with brown gros-
grain ribbon belt, and worn with
brown crepe de chine shoes and
sheer brown stockings. The but-
ton is set with large and small

Jewel-Fastened Ribbon New Paris Evening Belt

topazes, as are the two bracelets
worn on the left wrist.

C. C. Circle Anniversary Luncheon Was a Delightful Affair

The Misses Rice served a delicious
1 o'clock luncheon Friday at their
home on Lincoln Way to the C. C.
Circle of the Christian Church, this
being their 18th anniversary lun-
cheon.

Twenty-seven members and guests
were seated at the beautifully ap-
pointed tables which were decorated
with red candles and hearts.

A telegram from Miss Tillie Rice
of Chicago, was received during the
luncheon hour, sending congratula-
tions to the Circle on their 18th an-
niversary.

A business meeting was held after
the luncheon with election of officers
for this year.
Each one present brought squares
of cloth which they sewed together
to make a comforter for a needy family.

The little daughter, "Jacky" of El-
mer Rice, sang four selections in a
sweet clear voice accompanied by her
aunt, Mrs. Chas. Bishop, on the pi-
ano.

The C. C. Circle has done faithful
and efficient work in connection
with the church during the past
years, and have started out on their
19th year with the same resolutions.

Party Honored Miss Mary Ransom

Mrs. Chas. Atkinson, of Everett
street, entertained her sister, Miss
Mary Ransom of Nelson Township,
at dinner Saturday evening in hon-
or of her birthday. Miss Ransom
was sent over town on an errand
after dinner and upon her return
was completely surprised to find the
house well filled with friends and
relatives. Five hundred was the di-
version of the evening and Miss Lor-
raine Missman and Russel Grabe,
who maintained throughout the
evening their place as the first couple
at the head table were awarded first
prizes and Miss Mildred Ransom
and Joy Atkinson were given con-
solation prizes. Miss Ransom was
presented with a large package as
guest prize and upon opening it
found several gifts from those who
had learned it was her birth an-
niversary. At midnight a cake, with
lighted candles, appeared and then
all enjoyed ice cream, cake and
coffee, and the merry crowd dis-
persed, wishing Miss Ransom many
happy returns of the day.

Girls' Birthdays Were Celebrated

Mr. and Mrs. Herbert Warner and
Mr. and Mrs. Lee Fisel entertained
Saturday evening in honor of the
birthdays of their daughters, Misses
Gladys and Leone, at the home of the
Warners. The birthdays of the two
young ladies occurred during the
week end.

At 11:30 Saturday evening after
games and music a delicious luncheon
of salads, ice cream and two huge
birthday cakes with lighted candles,
was served. The guests departed at
midnight wishing the young ladies
many such happy birthdays. They
both received a number of very pret-
ty gifts.

Nellie Melba Is Much Improved Today

Sydney, New South Wales, Jan. 27
—(AP)—Dame Nellie Melba, famous
opera singer who was taken to a
hospital here last Thursday serious-
ly ill, was stated today to be im-
proving. A rest and strict diet has
been prescribed for her.

California Salad.

KITCHEN LORE by JANE ROGERS

THE woman who knows how to
transform left-overs never has
any left-overs. That sounds like a
paradox, but it is absolutely true.
Without a single exception that I
can think of, left-overs can be com-
bined and transformed into deli-
cious dishes that will possess an
appetite appeal quite equal to
the originals.

It isn't al-
ways possible
to give exact
recipes for
left-overs, so a
certain amount
of imagination
is usually a
necessity. Another necessity is a
proper use of seasoning ingredients.

A dash of sugar will touch up and
blend the various flavors. A little
tomato or onion will often add in-
terest to what would otherwise be
a flat dish. Peppers and pimenton,
too, have an important place. Sea-
son with care and imagination, and
just see how enthusiastically your
family responds.

Steak Savory
Arrange sliced, left-over steak in
baking dish. On top of the steak
put a thick layer of sliced onions,
one cup stewed tomatoes, one
chopped green pepper. Sprinkle
with parsley and add one-half tea-
spoon salt, an equal amount of
sugar, and pepper to taste. Bake
until onions are tender.

Thursday Night Is "Big League Night"

Thursday night, Jan. 29th, will be
Big League Night at the Elks club.
There will be a banquet at 6:30, to
be followed by entertainment, danc-
ing and cards. The Elks and their
ladies are cordially invited to attend.
All those who would like to attend
and have not reserved, may make
reservations by calling Mr. Villiger
at 25. This promises to be one of the
most enjoyable evenings of the en-
tire year, and all are urged to attend
and have a good time.

ENTERTAIN AT DINNER SUNDAY EVENING—

Mr. and Mrs. Lester Ommen and
mother, Mrs. Lillian Stevens, enter-
tained the following guests with a 6
o'clock dinner Sunday evening—Mr.
and Mrs. H. G. Rubright and son
Paul, Miss Susan Alice Rubright of
Sterling, Mrs. Catherine Schreiber
and daughter, Miss Phyllis of Dixon.

LADIES AID TO MEET WEDNESDAY—

The Ladies Aid Society of the
Christian church will meet at 4
o'clock Wednesday at the church with a
picnic dinner at noon. The business
will start at 2:30 o'clock.

LADIES CARD PARTY AT K. C. HOME TONIGHT—

The ladies of St. Patrick's and St.
Anne's parishes will be guests of the
Knights of Columbus at a card party
at the K. C. home this evening.

(Additional Society on Page 2)

A GREAT SHOW CLOSES.

Eliza isn't jumping the ice cakes any more. Simon Legree has cracked his last whip, and Uncle Tom has joined Little Eva in heaven forever and ever. The curtain has fallen on "Uncle Tom's Cabin."

For more than 77 years the show has had a continuous performance. Up and down Broadway, at small town theaters, rented halls, school auditoriums . . . any place and every place . . . the story has been told and told and told.

But the last handkerchief has been knotted into a small wet ball as Little Eva winged her way to heaven on a heavy wire. The last delicious shudder has gone up and down a trembling spine as the bloodhounds found the scent of Eliza and Harry. The show's been taken off the boards.

Somewhat "Uncle Tom's Cabin" was more than a play. It was a living, glowing, pulsing part of every youngster's education. Maybe it didn't measure up to all the technical qualifications, as the playwright knows them today. But it had sympathy and tears and laughter, humor and indignation, and a suspense for which most any theatrical magnate would rejoice today.

It gave people what they wanted. There was something happening. There was something for which they could fight. When they wept it was because a real wrong had been committed, and when they laughed it was because the humor was strong and clear.

So the play went on as the years went by. Floradora girls gave way to bobbed-haired Follies girls, but Uncle Tom and Little Eva went to heaven just the same. The emotions found an outlet and the play went traveling down the road from town to town.

It was especially popular in the small towns where the night that brings a show is always a gala one. Red and yellow posters flaunted the coming event for days before. Fathers donned their Sunday suits, mothers wore their best silk dresses and the cameo pins they prized, and little boys and girls scrubbed their cheeks unusually clean when "Uncle Tom's Cabin" came along.

There would be a crowded house. Boards would creak and the lamps would waver a little now and then. But nobody noticed for the play was the thing. It was alive, writhing, struggling, exalting there on the stage.

But that is over now. The play has gone down the twisted, tangled road of American memories along with old-time livery stables and McGuffey's Readers.

But it may be that small boys and girls will find dusty copies of the book and read it now and then, thrilling to the bloodcurdling tales that Cassie told when the dogs were baying underneath her hiding place.

And if they do, perhaps the eternal triangles of the neighboring playhouse, or the girls who dance and sway to gilded music, will lose their appeal.

Perhaps, some day, Little Eva will slide down the pulley from her painted Heaven and Uncle Tom will take her on his knee again.

PROTECTING THE STRAPHANGER.

The Illinois legislator who has introduced a bill providing that anyone who collects money for rides of any kind of public conveyance and then makes a passenger stand up shall be fined \$25 may not accomplish anything, but he is sure to receive the ardent good wishes of the great army of straphangers.

It is not at all surprising to learn that the author of this proposal lives in Chicago and has to ride the street cars and buses every day. He has probably been hanging onto straps for so long that his soul rebelled; and it is no wonder.

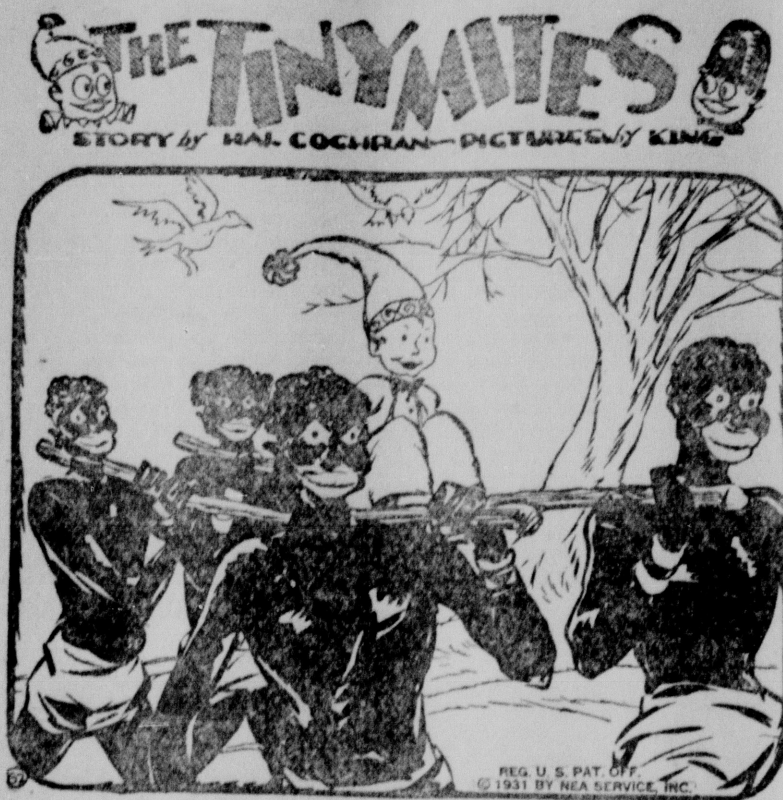

Compelling passengers to stand up is, when you stop to think about it, a barbarous practice. The remedy probably does not lie in a new law; but anyone who wants to do mankind a service could do a deal worse than devote himself to the problem of providing a seat for every rider.

MODERNIZING THE BATTLESHIP.

It is hard to find much reason to quarrel with the Senate for voting money to modernize three old battleships which navy experts had pronounced out of date. Opponents of the measure asserted that all battleships are obsolete anyway, and declared that this nation is under no necessity of keeping its "battle fleet" up to the level of Britain's, but the Senate voted the modernization funds in spite of these protests.

The London naval treaty would seem to have set a good gauge for the American fleet. If we are to maintain a naval establishment at all, we might as well maintain a good one; and as long as the heads of our navy believe that the battleship still has value, we might as well keep our battleships up to date. The general question of naval armament reduction does not seem to enter into this particular situation at all.

A quarry worker, wisecracks the office sage, is the most passive worker on earth because he takes everything for granite.

(READ THE STORY, THEN COLOR THE PICTURE)

The natives stood up in the boat and Scouty said, "Say, please take note how easy they can paddle us. It seems no work at all. They must be very strong, the way the boat slides right along. I guess the reason they're so good is cause they do not stall."

"You're right," replied the Travel Man. "You'll always find, son, that you can do anything much better if you always do it right. Too many people loaf through life and run right into heaps of strife. Hard work will very seldom get a person in a plight."

Then Scouty broke right in. Said he, "We all are happy as can be, so let's join in a merry song. It's lots of fun to sing. I'll start it off. You come in. Be sure and wait till I begin." And then he started on a song. "Twas quite a pretty thing. Wee Scouty really sing it swell."

The others waited for a spell and then they all decided that they'd let him sing alone. When he had finished with his song, a cheer came from the merry throng. The Travel Man said, "Noble son! Your voice has lovely tone."

The boat was then swung close to shore and Clowny shouted out once more. "Oh, look! I see some natives and they're holding something queer." "That is a blanzana, son. To ride on it is heaps of fun. We'll land and let them carry you. There's not a thing to fear."

Soon Clowny crawled into the thing, and in the air began to swing. The native four had lifted him and started on their way. "We'll follow you in our big boat. While you are carried, we will float," exclaimed the friendly Travel Man. And Clowny cried, "Hey! Hey!"

(The Tynmites meet some clever basket makers in the next story.)

QUOTATIONS

It may be that the human race is better than it was 2000 years ago. But it is different and that in itself is a good thing.

—Sir A. S. Eddington

The successful man is sometimes a very pitiable object.

—Dean Inge

The American State Department is fully justified and is acting in complete accordance with traditional American policy in refusing to recognize a government (Russia) which violates the first postulates of international law.

—Dr. Edmund A. Walsh, vice president of Georgetown University.

Those who go abroad for war think they see it. It is like gossip. It only goes into ears that are ready to hear it.

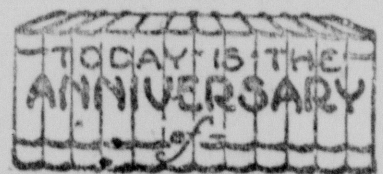

—John D. Rockefeller, Jr.

Certain Chicago citizens point out, almost with pride, that if other cities have escaped the bootleg wars, it is because they are less strategically located than Chicago in the scheme of liquor distribution.

—Jane Adams

There can be no doubt that the inherent strength of our economic structure will enable our country to lead the world in a vigorous recovery from the present depression as we have done in the past.

—Secretary of Commerce Lamont

LEWIS CARROLL'S BIRTH

On Jan. 27, Lewis Carroll, pseudonym of Charles Dodgson, an English author famed for his "Alice's Adventures in Wonderland," was born near Chester, England.

Educated at Oxford, he later became a mathematical lecturer at Christ church. He was an acute mathematician and fond of devising intricate and ingenious problems. What is considered an important contribution is his "Euclid and His

Modern Rivals," a work interspersed with jokes and burlesque.

He is best noted, however, as the author of "Alice" and the subsequent book of her adventures, "Through the Looking-Glass and What Alice Found There." "These books," says a critic, "display a delightful combination of mad absurdity and subtle fancy. Their grotesque situations compose a peculiar literary tradition."

Daily Health Talk

LEAD POISONING OFTEN CAUSES SERIOUS HARM
By DR. MORRIS FISHER
Editor, Journal of the American Medical Association, and of Hygiene the Health Magazine

Lead is one of the most dangerous metals to human health and life of which we know. It is dangerous not only because of the wide variety of uses to which it is put, but also because of the seriousness of the conditions that it causes when taken into the body.

After four years of supervision of men employed in making storage batteries, Dr. C. A. Wells finds that such symptoms as a metallic taste in the mouth, a blue line on the gums, a dull color of the skin, and changes in the blood will occur frequently among such workers. In their case they inhale lead dust at various stages of the process of manufacture.

It is necessary in the treatment of people who have taken a considerable amount of lead into the body to get the lead out in some manner. The investigator finds that a diet with a considerable amount of calcium will get the lead deposited as a form of phosphate and relieve an acute condition. Later a low calcium diet with various other salts will result in deleterious patient.

One of the most serious forms of lead poisoning is that resulting from anti-knock gases, such as ethyl gas which contains tetra-ethyl lead as the most toxic substance. In the United States, pumps, tanks, or other vessels containing ethyl gasoline must be clearly labeled to indicate that the contents are to be used only for fuel and not for cleaning or other purposes. Used as a fuel under strict precautions, ethyl gas is safe, but for any other purpose its risks are considerable.

The manufacture of tetra-ethyl lead when properly controlled is not harmful to the workers. When the manufacture was first attempted

several workers were poisoned because of slips in the process.

There is little lead hazard today in the painting industry, particularly since investigations made several years ago have resulted in the establishment of proper safeguards.

Another hazard from lead arises from enameling with lead or metal. Enameling powders contain about 60 per cent of the red oxide of lead and men who plunge the metals to be enameled into the powder or who sprinkle the powder over the hot metal are likely to get a considerable amount of the lead dust into their lungs. Many of the men working in such industries suffer from lead colic, and changes in the red blood cells resulting from lead were found in 90 per cent of those at work.

Fortunately, industrial physicians are quite aware of the dangers which may arise in all occupations involving contact with lead and they are constantly at work to control such hazards as fully as possible.

OBITUARY

RICHARD LONG

(Contributed)

Richard Long was born June 17 at Dixon, Illinois. He passed away at the Soldier Speedway government hospital, Hines, Ill., Tuesday morning, Jan. 20, 1931. He served 15 months in the late World War having spent 12 months overseas. He was a member of the supply company, 34th Infantry. He was also a member of the Knights of Columbus.

He leaves to mourn his passing, three sisters, Anna Heft of Portage, Wis., Mrs. John Nagle and Mrs. Elizabeth Bandy, both of Dixon and one brother, William, of Rockford, also a half-sister, Mrs. Charles Martenson of Merrill, Wis., four half-brothers, John Lowry, Merrill, Wis.; Frank and Joe Lowry, of Dixon and Ed Lowry of Rockford.

Besides "Dick" as he was familiarly known, also leaves a large circle of friends. Military funeral services were held at St. Patrick's Catholic church Thursday morning at 9:30 and interment was in Oakwood with American Legion services at the grave.

MRS. ROBERT KNOX

(Contributed)

Florence Bernice Barber was born at Fulton, Illinois on February 23, 1901. She went to join her Maker on January 22, 1931, at the age of 29 years, ten months and 29 days.

Florence was united in marriage with A. Robert Knox at Dixon, Ill., on February 24, 1922. Of this union two children were born, A. Robert, Jr., eight years and William C., six years, both of whom survive to mourn the loss with their father.

Her father, Frank B. Barber and mother, Eva M. Barber, with her brother, William T. Barber and sister, Mrs. Viola Hopkins and her grandmother, Mrs. Emily Barber also survive to suffer this loss with the husband and children.

The family home has been in Bellwood, Ill., where for the last two years Florence has been actively engaged in the Fidelis Bible study class of the First Methodist church of Maywood, Ill., also the Wesleyan Circle of the aid society of the same church.

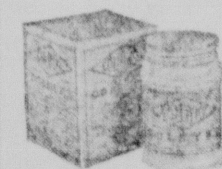

Florence was a member of the Methodist church, first at Fulton, Illinois, then at Dixon, Ill., and about a year ago she and her husband transferred their membership to Maywood, Ill. She was actively engaged in the P. T. A. work of the Roosevelt school where Robert, Jr., is a student.

Funeral services were held in Maywood on Friday evening, January 23 and then the remains were brought to Dixon, where a short service was conducted Saturday and interment made in the Palmyra cemetery.

DIED AT THROTTLE

Bobo, Miss.—(UP)—The last act of Charles S. Brant, 54, veteran engineer of the Y. & M. V. Railroad, was to pull his freight train from the main tracks into a siding. He died shortly after the wheels stopped rolling.

when you have been granted these favors? Do you regard it as a simple and treat it with the same courtesy and favor that has been shown when you say "CHARGE IT?" Or do you dismiss it from your mind and when you receive a statement of your account swell up like a poisoned toad and act like you have been insulted? Or maybe you simply deny the account, or if not that, pay no attention to the statements and just let the fellow who has trusted you wait and wait for his pay while you go on spending the money that rightfully belong to him.

The fellow who asks for and receives credit and then does not make every human effort to meet his obligations, and meet them cheerfully and promptly, is not a man, though he have the stature of a Goliath—he is just a "ninny" and a dead-beat, and all pretensions at anything else only make him the more detestable.

"CHARGE IT" implies in common honesty "I WILL PAY IT." And there is just one brand of honesty. THERE IS AN OLD SAYING, "MAN IS MADE OF DUST, DUST SETTLES, BE A MAN." VERY TRUE AND A QUIET APT. THINK IT OVER!

Woodmen Protest Group Lost Point

Springfield, Ill., Jan. 26 —(AP)—Leaders in the fight against the new Modern Woodman rates lost a point today when the state Appellate Court reversed Circuit Judge Frank E. Burton's denial of an injunction to halt the protest's activity. The case was remanded to the lower court for a hearing on its merits.

The suit was filed in the Circuit Court here by Glenn A. Kenderdine of Iowa against A. E. Rouland, chairman; Robert Johnson and Leslie G. Pfeiffer, attorneys and J. W. McKessick, secretary-treasurer of the protest group.

Judge Burton restrained the defendants from using the words "Modern Woodmen," but permitted them to continue their campaign against the new rates. They changed the name of the protest movement to the National Rate Increase Protest Committee. Kenderdine appealed the case. The appellate court ordered the lower tribunal to overrule the motion to dismiss the case.

ABOUT THOUSAND WILL ATTEND I. A. A. MEETINGS

Annual Agricultural Association Convention At Springfield

Springfield, Ill., Jan. 27.—(AP)—Agriculturians numbering approximately 1,000 will come to Springfield on Wednesday to gather around banquet tables and listen to prominent speakers in connection with the annual convention of the Illinois Agricultural Association, which convenes that day.

From 95 county farm bureaus in the state will come 200 voting delegates, chosen by boards of directors of each county, to attend the official business of the convention and to express the will of some 60,000 bureau members.

Annual meetings and conferences of eight organizations affiliated with the Illinois Agricultural Association are scheduled for Wednesday. These include the Illinois Agricultural Co-operators Association, Illinois Farm Bureau Baseball League, Illinois Farm Bureau Serum Association, Illinois Produce Marketing Association, Illinois Agricultural Holding Company, Illinois Agricultural Mutual Insurance Co., Illinois Farm Supply Company, and Country Life Insurance Co.

The annual convention of the association itself will open Thursday morning, and will continue through the afternoon of the following day.

The convention features will be the banquet on Thursday night where Alexander Legge, chairman of the Federal Farm Board will address an expected audience of 1,500 in the Springfield arsenal and the annual luncheon in the arsenal Friday noon where Governor Louis L. Emmerson will discuss state governmental problems of particular interest to agriculture. Mrs. Charles W. Sewell, of the American Farm Bureau Federation, will speak on the banquet program with Mr. Legge.

Other speakers scheduled to address the I. A. A. and allied organization meetings are J. Frank Grimes of Chicago, president of the Independent Grocers' Alliance of America; Clifford V. Gregory, Chicago, editor of Prairie Farmer; George S. Milner, general manager of the Farmers National Grain Corporation; Tom Borman, vice-president of the Beatrice Creamery Co.; Chas. E. Ewing, president of the National Livestock Marketing Association; "Tug" Wilson, director of athletics at Northwestern University, who will speak before the Illinois Farm Bureau Baseball League, and others.

The women's conference to be held on Thursday afternoon will be in charge of the Illinois Home Bureau Federation. Mrs. Henry J. Meis of Pontiac, president of the Federation, will preside.

Among the topics and speakers scheduled for the conference are the following: "Farm Home and Community Health," by Fannie M. Brooks, health education specialist, University of Illinois; "Marketing Home Products" by Mrs. T. E. Newby; "Mrs. Consumer and Her Dollars; How She Uses Them," by Miss Anna Searl, Livingston county home advisor; "How She Accounts For Them," by Mrs. Clyde J. North; and "Insurance for the Woman in the Home," by Mr. C. E. Hopkins, general agent, Pontiac, Ill.

HARMON NEWS

HARMON—The sale of the 100 acre farm to settle the John D. Mickel estate was held on the premises Thursday. There was a large crowd present and the farm sold at \$93.25 per acre to Thomas Long of Sterling. The farm sold at a reasonable figure as it is good land with fair improvements and is well watered. There was a bankers meeting and banquet held in Dixon Monday evening. W. H. Kugler and son Ellis attended.

Junior Schroeder is on the sick list.

BORN—Mr. and Mrs. Willard Long are the proud parents of a fine baby boy, which arrived at their home Jan. 21. Mrs. Long was formerly Grace Morrissey of Walton, her sister, Miss Ella Morrissey, R. N., of Aurora, is caring for them.

Miss Helen Long delightfully entertained a number of her friends at her home here Tuesday evening. The entertainment for the evening was "500" and buncos at which the prizes were awarded to Miss Margaret McDermott first prize for 500 while Mrs. Jennie Long was awarded the consolation prize. At buncos Miss Vernie McDermott was awarded the first prize and Miss Darlene Ostrander the consolation prize. Delicious refreshments consisting of sandwiches, pickles, cake, fruit salad with whipped cream and coffee were served by the hostess. Miss Long was assisted by Miss Vera McCormick, Mrs. Tommy Long and Mrs. C. P. Henkle. After luncheon the Misses Rita Henkle and Darlene Ostrander sang solos accompanied by Mrs. Tommy Long and Richard Henkle also sang a solo, after which the guests departed for their homes after having spent a very enjoyable evening.

Henry Petri and daughter, Lucille have returned home from a week's vacation, spent around the vicinity of Mendota and Minonk.

I. H. Perkins, rural carrier on route one was confined to his home on account of illness one day the fore part of the week. A. C. Moore delivered the mail for him.

Miss Irene Fitzsimmons spent a couple of days this week in Walton with her sister, Mrs. Lawrence Dempsey.

John Ryan was having some dental work done in Dixon Saturday.

Misses Charity Morley of Leland, Ill., and Coletta McRoy of Chicago accompanied Miss Mary McCormick home from DeKalb and spent the

week-end at the E. T. McCormick home.

Miss Ruth Larkins returned to Dixon after helping care for her parents for a couple weeks.

Miss Lucille Petri is back on her job as telephone operator after a week's vacation. Miss Vera McCormick acted as operator during her absence.

Mrs. James Phelan returned to her home in West Brooklyn Tuesday after a visit at the home of her daughter, Mrs. Raymond Delhotel.

Mrs. Robert Thompson entertained her sister, Mrs. Alice Sternburg of Chicago for a few days.

Peter Larkins, who has been ill the past several days is improving nicely.

John Downs and wife came out from Chicago and spent the week-end here at the Thomas Downs home.

Mr. and Mrs. Vincent Smith, Mr. and Mrs. Jay Wadsworth and Mr. and Mrs. Walter Brewster of Dixon, Mr. and Mrs. Link Carbaugh of Elgin, Mrs. D. T. Hill and Mr. and Mrs. Alfred Clatworthy were entertained Sunday with Mr. and Mrs. George Ross.

Lynn Parker is confined to his home this week.

Mr. and Mrs. Fred Schroeder and son Junior were business callers in Amboy Tuesday.

Don't forget the big card party and old time dance to be held here Wednesday evening Feb. 4 under the auspices of the young ladies society. Everybody is welcome and the admission is only 50 cents for card party, dance and supper.

OHIO NEWS

Ohio—Charles Anderson went to Chicago with stock last Tuesday.

Mrs. Mary C. Richardson, widow of the late Dr. A. N. Richardson, passed away at her home in Chicago last Monday evening after an illness of only three days. The body, accompanied by her three daughters and two sons-in-law, was brought to this city for burial last Thursday afternoon. Rev. J. K. Worrell, pastor of the M. E. church of this city, conducted the burial services which were attended by many friends of the family and the remains were laid to rest beside her husband and son who passed away several years ago. The Richardson family members were former residents of this place and the husband and father was a practicing physician for many years, leaving here for Chicago about thirty-five years ago.

Arden Jackson and John Krapfl went to Chicago last Tuesday with a truckload of butter for the Green River creamery.

Mrs. Nellie Paley and Mrs. Florence Anderson entertained a party of ladies at a 1 o'clock luncheon and bridge last Tuesday afternoon at the Paley home. There were nine tables in play. Mrs. Darlene Sisler won highest score. Mrs. Mamie Shifflett second and Mrs. Emma Pomeroy consolation prize.

Miss Gladys Erickson, a student nurse in the University hospital in Chicago, spent last Wednesday and Thursday with her mother, Mrs. Amanda Erickson, and other relatives.

Mrs. Mae Conner entertained the Wednesday Afternoon Bridge club at her home last week.

Mrs. Frank McDonald and Mrs. Emerson Myers entertained their circle at a silver tea at the Avers home last Thursday afternoon. The afternoon was spent in sewing and a delicious lunch was served.

Mrs. Harriet Neil, Mrs. Anna Spencer and Mrs. Maude Blanchard gave a bridge luncheon at the Neil home last Thursday afternoon.

A very interesting meeting of the Bureau County Ministerial Association was held in the M. P. church here last Monday. Dinner was served at noon by the Loyal Women's class of the local M. P. church.

Mrs. Frances Jensen gave a silver tea at her home last Friday afternoon. The twelve ladies present finished piecing a quilt after which a delicious lunch was served.

Mr. and Mrs. James Connell of Denver, Colo., are guests at the P. J. Burke home.

Ralph Ross Sisler is visiting at the home of his grandmother, Mrs. F. W. Lewis in Springfield.

Mr. and Mrs. C. J. Kramer entertained the Night Hawk Bridge Club at their home last Thursday evening.

Miss May Feeney of Chicago was a guest last week at the W. F. Anders home.

GANDHI CHEERED BY CROWDS ALL ALONG JOURNEY

Indian National Leader Is Given Ovation In Bombay City

United Press Correspondent
Bombay, Jan. 27.—(UP)—The Mahatma M. K. Gandhi, Indian Nationalist leader released from prison at Poona yesterday, was received with deep reverence and wild acclaim when he arrived here by train today.

The frail Indian, clad in the usual loin cloth, received garlands from many of his followers. A poor woman entered his railway carriage and prostrated herself at his feet. Gandhi helped lift her up, and signalled to the immense crowd of his admirers to allow him to leave the train.

Gandhi insisted on spinning during the latter part of his train journey. At various suburban stations outside Bombay, he smiled and spoke a few words to the crowds assembled to welcome him. He never ceased spinning, an act symbolic of the development of Indian National industry. The white strands passed nimbly through his fingers, and occasionally he gathered the broken ends where the frail thread had snapped.

In a talk with interviewers Gandhi made an appeal for the release of 50,000 political prisoners arrested during his civil disobedience campaign.

Has Open Mind
"I left jail with an open mind," Gandhi said, "but I sincerely believe that every political prisoner connected with the Nationalist movement should be freed immediately. None of the Congress leaders (the All-India National Congress) will be happy until this is done."

Gandhi told the United Press it would be impossible to cancel his campaign of civil disobedience until all prisoners arrested for satyagraha, or non-violent civil disobedience, had been released and ordinances invoked against Congress activities were withdrawn.

"It is for the Viceroy to withdraw his repressive policy," Gandhi said. Gandhi said he could not discuss Prime Minister MacDonald's statement at the final session of the round table conference because he had not studied it fully. He did not wish to indicate at the moment what his attitude might be.

Gandhi was accompanied by Mrs. Naidu, a Congress leader, who jokingly told her friends that she had brought Gandhi safely to Bombay, although he was "nearly broken to pieces" en route.

Moderate Indian elements welcomed Gandhi's statement regarding his "open mind," which they considered friendly to the round table conference.

Editor Brevil of the Bombay Chronicle and Jammalul Bajaj, Bombay members of the working committee of the Congress who have just been released from Nasik jail warmly greeted Gandhi at the suburb of Dadar. The train then continued its triumphal progress to the central terminus, where a large crowd wildly cheered the Mahatma or, "Great Soul."

Some Soils Yield Ten Times Others

Urbana, Ill., Jan. 27.—Illinois farm lands vary so widely that crop yields from the most productive are worth about ten times as much as those from the least productive. This is productive in a new bulletin, No. 362, which the experiment station of the College of Agriculture, University of Illinois, has just issued for farmers and other interested persons under the title, "Response of Illinois Soils to Soil Treatment." It summarizes results from 28 of the college's soil experiment fields that are located on representative types of Illinois soil and that have been under investigation for periods ranging from 15 to 28 years. F. C. Bauer, chief of soil experiment fields, is author of the new publication.

Among the dozen soil treatment lessons derived from the fields was the fact that farm manure used alone is an effective fertilizer on all kinds of soil. However, on some soils it added more than \$9 an acre annually to the value of the crops grown, while on other soils it increased crop values only \$2 an acre.

The more highly productive soils which will grow clovers without being treated usually can be made still more productive by plowing down crop residues without additional treatment. On one such field this system added nearly \$9 an acre annually to the value of crops grown. On the other hand, the moderately productive and less productive soils

did not give very marked responses to this system of soil treatment.

Limestone applied in addition to farm manure or crop residues increased the value of crops grown as much as \$17.75 an acre annually on some soils. This was a return of more than \$35 a ton for the limestone used. The more productive, dark-colored soils did not give so great a response as the light-colored ones, although on many of them the returns were profitable.

On some soils phosphate added more than \$10 an acre annually to crop values. The low response on other fields suggested that farmers need to know the phosphate requirements of their fields before applying this material.

Light-colored, more mature soils gave strikingly greater response to potassium fertilizers than did the dark-colored less mature soils. On most fields of light-colored soils, use of potassium has become profitable. The less productive, dark-colored soils also have tended to give profitable responses to potash fertilizer.

UTILITY STOCKS HAD BIG LOSS IN DEPRESSION

Survey Shows Shrinkage of 61 Per Cent in 29 and 30

By Elmer C. Walzer
(United Press Financial Editor)

New York.—(UP)—Utilities, including the communication issues, lost tremendous amounts in market valuation in the stock market crash of 1929 and in 1930.

A list of 30 selected issues had a total market valuation of \$10,940,000 at the 1929 high. At the lows of 1930 this group had shrunk in market value from \$11,565,000 to \$7,375,000, a decline of 61 per cent.

From the lows of 1929 to the close of that year the group selected recovered \$2,550,000 in market value to \$10,700,000. From the low of 1929 to the highs of 1930 the group showed a gain of \$6,700,000. The subsequent selling, however, in 1930 reduced the market valuation from \$14,845,000 to \$8,080,000 at the close of 1930. The latter figure represented a gain of \$705,000 from the lows of the year.

Based on the stock outstanding

and market value of this stock, the average price of each share at the 1929 high was \$121.00. This shrank to \$50 at the 1930 lows. At the close of 1930 the average was \$54.50.

The group selected comprised 155,400,000 shares or 14 per cent of the total shares listed on the New York Stock Exchange.

American Telephone, with nearly 18,000,000 shares outstanding had a market value of \$5,220,000,000 at the 1929 high of \$310.25. This declined to \$3,600,000,000 at the low of \$170.38. The valuation takes into consideration rights offered to stockholders.

Other wide losers in price included American & Foreign Power which dropped from \$199.50 per share to \$25 per share; American Power & Light from \$175.75 to \$30.13; American Water Works from \$190 to \$47.63; Brooklyn Union Gas from \$112 to \$30.63; Commonwealth & Southern from \$29.50 to \$7.50; Consolidated Gas from \$183.75 to \$78.25; Detroit Edison from \$385 to \$161; International Telephone from \$149.25 to \$17.50; Standard Gas from \$243.75 to \$53.13; and Western Union from \$272.25 to \$122.13.

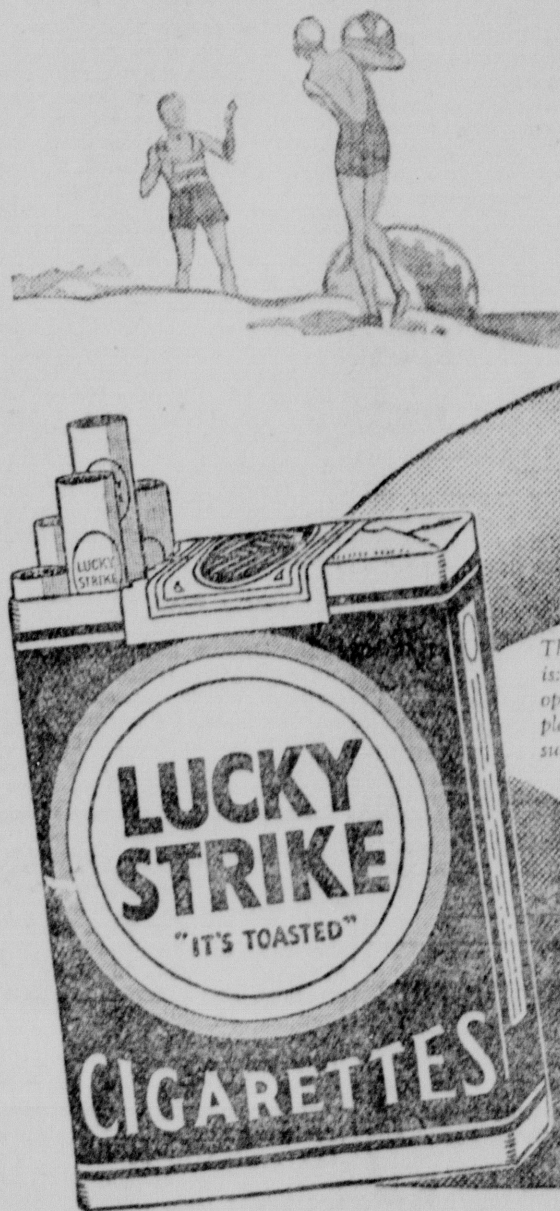

WILL NOT PROSECUTE

Kalamazoo, Mich., Jan. 26.—(AP)—Jacob Kindelberger, president of the Kalamazoo Vegetable Parchment Company has no intention of prosecuting "Yellow Kid" Well, who involved the Kalamazoo man in a Montana copper mine deal last year. "My case was settled last fall," he said. "I wish the authorities would leave me out of this matter in the future."

SUNSHINE MELLOWS Heat Purifies

**LUCKIES are always
kind to your throat**

Everyone knows that sunshine melloWS—that's why the "TOASTING" process includes the use of the Ultra Violet Rays. LUCKY STRIKE—the finest cigarette you ever smoked, made of the finest tobaccos—the Cream of the Crop—THEN—"IT'S TOASTED." Everyone knows that heat purifies and so "TOASTING"—that extra, secret process—removes harmful irritants that cause throat irritation and coughing.

The advice of your physician is: Keep out of doors, in the open air, breathe deeply, take plenty of exercise in the mellow sunshine, and have a periodic check-up on the health of your body.

D. H. S. Chapter

By WILMER GERDES REQUIREMENTS OF ANIMALS IN LIVESTOCK FEEDING

Feeding experiments conducted in recent years have brought to light much new information regarding special requirements of animals for certain feed substances which cannot be left out of the ration without danger of doing serious harm to an animal. There has not been sufficient experimental work upon which to draw conclusions but new information on the subject is being gradually discovered.

Growing animals not only require an abundant supply of protein but the protein must be of the right kind. Some proteins lack certain essential elements that may be supplied by other proteins. Until further studies have been made of the value of some proteins for supplementing others a safe plan for livestock feeders to follow is to supply all the green pasture and succulent possible, and add as much variety to the ration as possible without making it too costly.

On Jan. 20, Mr. Weiss took five boys from the Dixon high school agricultural department up to St. Charles to represent Dixon in a judging contest. The three boys ranking high on the team represented the school. The following names are the names of the boys whose score counted: Lloyd Breisch, Tryon Rosbrook, Donald Schweigert. This team ranked seventh in the state of Illinois.

Farming Factors

Washington—(UP)—Observations of the Agriculture Department during the past few years show that tobacco growers are using greater quantities of potash in their fertilizer and are profiting by a better understanding of the importance of two minor fertilizer elements, chlorine and magnesium.

Each type of tobacco requires its own kind of land and climate and consequently its own distinctive kind of fertilizer.

Cigar tobaccos, especially the wrapper and binder types grown of light, sandy types of soil, require heavy fertilization if a high quality product is to be obtained. Nitrogen must be provided in abundance and the fertilizer must be nearly free from chlorine, which is likely to be injurious.

Cottonseed meal, though relatively expensive, is regarded as an essential constituent of the fertilizer used in the districts of Pennsylvania, Wisconsin, Connecticut valley and western Florida.

Flue-cured tobaccos are grown on the somewhat poor sandy and sandy loam soils of southern Virginia, northern and eastern South Carolina, southern Georgia and northern Florida, and moderate fertilization is necessary. The nitrogen content must be moderate and not excessive; the potash content must be high, and a small amount of chlorine is beneficial but must be used cautiously.

Fire-cured tobacco, grown in western Kentucky, northwest Tennessee and central Virginia, and white burley tobacco, raised in north central Kentucky, eastern Tennessee and southern Ohio, require heavy, loamy and silty soils and consequently do not demand quite so much fertilizer as other tobaccos. As in other fertilizers, these must include an ample quantity of phosphoric acid.

The semi-bright air-cured type grown in Maryland, requires about 500 pounds per acre of fertilizer: analyzing 6 per cent nitrogen, 8 per cent phosphoric acid and 6 to 12 per cent potash.

Triplets and Twin Calves Reported

Leslie Dinges, who lives north of Sublette, was given a surprise by an unexpected increase in his herd of bovines early Saturday morning. A Holstein cow gave birth to triplets and the "mother and babies" are getting along fine.

The trio is composed of two males and a female, and as triplets they are like peas in a pod. All are red in color, of the same size and cannot be distinguished from one another. They are normal and healthy and Mr. Dinges has not decided what their future would be.

G. L. (Lafe) Nelles near West Brooklyn reports he has a pair of twin calves at his place, both white-faced and sound.

Nurses when you need Record Sheets you will find them at the B. F. Shaw Printing Co.

Testing scene of the first reaper on July, 1831, in a Virginia wheat field when young Cyrus Hall McCormick gave the world its first successful reaper which began the liberation of the farmer from the grinding toil that yielded such scanty returns.

CENTENNIAL OF INVENTION OF REAPER WILL BE CELEBRATED IN DIXON ALL DAY THURSDAY

Original Machine To Be On
Display At Implement
Company.

The one-hundredth anniversary of the introduction of the reaper to the agricultural world by Cyrus Hall McCormick will be celebrated in Dixon on Thursday, January 29 at the Dixon Implement Company's sales rooms on First street.

As a fitting part of the Centennial program which will last throughout the day, the original first reaper will be on display in front of the building.

Invitations have been mailed out to almost a thousand farmers in this locality to attend the all day observance of the Centennial of the reaper in Dixon on that date. An exceptionally fine program which will start at 9:30 in the morning and will continue through the afternoon, has been arranged.

The reaper which was built one hundred years ago and given to the agricultural world by Cyrus Hall McCormick is a queer looking machine today. It is one heirloom which almost any farmer will readily recognize. A few of the older farmers will recall having seen machines of similar construction and there may be some who have worked with machines which were not a great deal different. The reaper is the forerunner of the modern grain harvester or self-binder. It was 100 years ago, in the harvest time of 1831, that Cyrus Hall McCormick gave the world the first successful reaping machine. This same machine will be on exhibition here next Thursday.

In the valley of Virginia the men of the McCormick clan, Robert, the father, and Cyrus, the son, dreamed a dream that men might free themselves from the drudgery of the harvest; a dream that seemed as hopeless as the quest for eternal youth. Countless numbers had sought to turn the dream into reality, and all had failed. In a few acres only the scythes and the cradle had joined the sickle and the reaping hook to ease the toil of men in the harvest fields, and in none of these dwelt the magic of machine. The patent office archives thronged with dead hopes and with memories of harvest machines that would not work. None until McCormick found the key to the mechanized harvester.

A full size working reproduction of the first reaper, mounted on a six-speed I. H. C. motor truck, will be on display in front of the Dixon Implement company store on First street all day next Thursday.

McCormick's first reaper of 1831, with a four and one-half foot cutter bar, and pulled by one horse, had a capacity of about 10 acres a day. The man was required to rake the platform and a boy rode the horse. These two replaced five cradlers or 20 men with sickles. The reaper required the same five men to bind the grain, that were required when the crop was cut by hand.

McCormick sold his first two reapers in 1840. This machine had a 6-1 foot cut and was drawn by two horses. It was estimated that it will cut easily 15 acres a day, two hands attending—one riding and driving, the other raking the grain from the machine as collected in sufficient quantities for binding. This six foot machine, it was stated, "in rank eighth cradles."

Another farmer speaking of the six-foot McCormick machine in 1844,

said: "It will do the work of not less than ten cradles." One farmer said, "in very long wheat it may be made to do the work of ten cradles, in lighter wheat, five." Assuming that the reaper with its two attendants cut 15 acres of wheat a day, it did the work of seven cradlers. Probably the same number of men to rake and bind would be needed to follow the reaper, that were required as cradlers.

One man with a ten-foot tractor binder can cut 35 acres a day. With the cradle of 1831 it would require about 17 men to cradle the crop and 17 more to rake and bind it in a day. If the sickle were used, still a common harvest implement of that day, it would require 70 men to cut and 17 men to bind the same acreage in a day.

The Centennial reaper program to which almost a thousand farmers of this vicinity have been invited next Thursday, will be both entertaining and instructive.

The program will open at 9:30 Thursday morning at the Dixon Implement company's display rooms on First street at which time A. C. Gyger, International Harvester company blockman will talk upon the subject, "The invention of the reaper." This talk will have to do with the first successful reaper given to the agricultural world and the modern and improved farm machines, all of which will be on display.

The remaining sessions will be held in the new Moose hall across the street from the display rooms. At 11 o'clock a free luncheon will be served to the attending farmers, friends and customers of the local store. This will be followed by an address by Prof. John Weiss, agricultural instructor of the local high school, who will talk on the subject, "Farmers of tomorrow."

L. H. Corbin, dairy expert of the I. H. C., will also speak on the subject, "Milk machinery and cream separator use on the dairy farm."

In the afternoon, Alex Olson, advertising manager of the International Harvester company of Aurora will have complete charge of the program, which will also be held at the Moose Hall. He will then present the \$100,000 sound picture production, "The Romance of the Reaper," which will be the feature attraction of the program. The picture is a film production depicting the history of the reaper to the present form in the modern binder.

Farm Radio Program

Summaries of the outlook reports for agriculture generally and for specific commodities will be broadcasted to the National Farm and Home Hour audience of the National Broadcasting Company and 40 associated radio stations in the Department of Agriculture periods of the week beginning Monday, February 2.

February 2 the full hour will be devoted to a general summary of the 1931 agricultural outlook. Federal and state economists who collaborated in the preparation of the survey of supply and demand conditions for agricultural commodities in prospect for 1931 will join in presenting the salient facts of their findings.

The complete program for the week follows:

MONDAY, FEB. 2—Annual Agri-

cultural Outlook Program.

TUESDAY, FEB. 3—"The Wheat Outlook," by Dr. O. C. Stine; "The Cotton Outlook," by C. E. Gibbons; "The Hog Outlook," by C. A. Burmeister; "The Sheep Outlook," by C. L. Harlan.

THURSDAY, FEB. 4—"The Potato Outlook," by W. A. Sherman; "The Fruit Outlook," by F. G. Robb; "The Early Vegetable Outlook," by Paul Koenig; "The Poultry and Egg Outlook," by Roy C. Potts.

FRIDAY, FEB. 5—"The Farm Business Library," by M. S. Eisenhower, Director of Information; "The Week with the Farm Board," by Frank Ridgway, Director of Information, Federal Farm Board, second farm board speaker to be selected. The National Farm and Home Hour is broadcast from 11:30 a. m. to 12:30 p. m. Central Standard Time.

Two Hoosiers, an Illinois editor, and a Wisconsin farm woman, come to Chicago the week of February 2 to speak to WLS listeners through Swift & Company microphones.

A successful adventure in remodeling an old homestead especially the kitchen, will be related at 2:00 p. m., Feb. 3, by Mrs. Allmen J. Hammen, of Ripon, Wis.

Culver Ind. town community and academy, will get the spotlight at 12:40 noon, Feb. 5. The speakers will be M. R. Robinson, editor of the Culver Citizen and Major Norman A. Innie, of Culver Military Academy.

Residents of Dwight, Illinois, probably will declare a holiday along about 12:40 noon on Feb. 6, when Allen S. Holbrook, editor of the Star and Herald, broadcasts the virtues of that community.

Nearly 1000 women, WLS listeners, enrolled in Martha Logan's classes in buying and cooking meats, will sit before their loud speakers at 2:00 p. m., Feb. 6, for lesson No. 3.

The Rangers, furnishing music for all Swift & Company broadcasts, have a special program for Mokenzie, Ill., at 12:40 on Feb. 3, and a similar broadcast for Cheboygan, Mich., on Feb. 4.

Weekly Review of Agriculture by Farmers Paper

Chicago, Ill.—(AP)—The general level of prices received by farmers on December 15, 1930, as compiled by the United States Department of Agriculture, was the lowest in 15 years and was below the pre-war average, the Prairie Farmer's weekly market review said today. "Since then the curve of wholesale prices for farm commodities has been moving mostly sideways," the review said. "Considering the level reached, this behavior would seem more likely to lead to advances than to fresh declines, although it must be admitted that the firmness in grains and cotton is due to buying by Farm Board agencies rather than to improvement in basic conditions of supply and demand."

"The number of cattle on feed for market in the eleven corn belt states on January 1, 1931, was 10 per cent smaller than a year earlier, according to the United States Department of Agriculture. Reports indicate that the proportion to be marketed from January to March this year was not much different from the proportion reported on January 1, 1930."

"Farmers have been selling hogs more freely since the first of the year. Besides the tendency to carry hogs to good weights, weakness in the market is depressing the price of heavy hogs. It seems likely now that the rise in hog prices this spring will be delayed and may be smaller than in other years."

"Rapid swings up and down over a wide range have featured the lamb market since late September. Receipts in the first half of January were excessive. Boston reports better tone in the wool market since the first of the year. Buyers are more numerous and have sampled offerings and made bids more freely than in December."

"Farm Board agencies advanced their buying prices for cash wheat in the early part of January and were reported to be aggressive buyers in several leading markets. Also, they appear to be selling part of their holdings of the May delivery and taking back the July. Producers have been selling freely, apparently fearing lower prices. Prices in foreign markets have been moving broadly sideways for two weeks."

"Encouraged by the advance in wheat prices, the markets for corn and other feed grains has shown fair strength. Receipts have increased slightly and cash demand is not broad, but speculative activity has been on the buying side."

"Storage packed first eggs for April delivery are being bid for at 20 to 25 cents a dozen by Chicago dealers although the eggs for which they paid as high as 27 cents last

April are worth only 14 cents a dozen now."

Facts For Farmer

WINTER FEEDING TIPS

By Prof. W. B. Krueck

The advantage of supplementing farm grains with the proper variety of proteins is illustrated by some recent work at the Idaho Experiment station. Three lots of eight pigs each, averaging 80 pounds per pig, were fed for a period of 84 days. One lot was fed entirely on ground barley. They made an average daily gain of 84 pounds per day and required 580 pounds of barley per hundred pounds of gain.

Another lot was fed 13 parts of barley and one part of tankage. They made an average daily gain of 13 pound per head daily and required 446 pounds of barley and 34 pounds of tankage per hundred pounds of gain.

A third lot received 15 parts of barley, one part tankage and about one part of alfalfa leaf. These pigs made an average gain of 1.45 pounds per head daily and required 430 pounds of barley, 28 pounds of tankage and 20 pounds of alfalfa leaf per hundred pounds of gain.

Feeding barley at \$1.25 per hundredweight, tankage at \$3.25 per hundredweight and alfalfa at \$30.00 per ton, the barley fed pigs had a feed cost of \$7.25 per hundred pounds of pork produced. The barley tankage alfalfa lot cost \$6.69 per hundred pounds of pork produced.

In addition to making cheaper gains, the hogs with the protein supplement made much more rapid gains. The addition of other protein sources such as fish meal, soybean oil meal, linseed oil meal, cotton seed meal and a few minerals would have helped the rate of gain and reduced the cost of gain.

Muscle Shoals Argument Dims Chance of Law

By Frank L. Weller

(Associated Press Farm Editor)
Washington—(AP)—Disagreement of senate and house conferees on leasing the nitrate plants minimizes possibility of a law by this congress which would put to work the government's property at Muscle Shoals, Alabama.

The nearest it ever came to turning a wheel since the Armistice erased its original purpose was when Congress passed a bill for federal operation, but President Coolidge stopped that with a "pocket" veto. Since then Congress has fought over the distribution of the hydro-electric power to be developed there—whether it shall be done at cost, by the government, or for profit by a private interest.

Senator Hugo Black of Alabama charges that in its power wrangle congress has forgotten what he terms the real purpose in utilizing the property, namely, low-cost production of fertilizer. Regardless of the form legislation takes, Black says he will introduce an amendment to lease the machinery to a co-operative organization of farmers, which would produce and sell fertilizer at cost.

"Operation of the plants," he says, "would provide employment for thousands, and if we will do something to give the farmer relief, The nitrate plants were intended for the aid of agriculture through the production of fertilizer."

Last year, in Alabama, about one-fourth of the return from every pound of cotton produced had to be paid out for fertilizer. The same was true in most other cotton states.

Commercial sources estimate that there will be a probable reduction in fertilizer consumption this year ranging sectionally from 10 to 30 per cent, due to inability of many farmers to obtain credit.

T. B. In Swine Can Be Prevented Now

By United Press

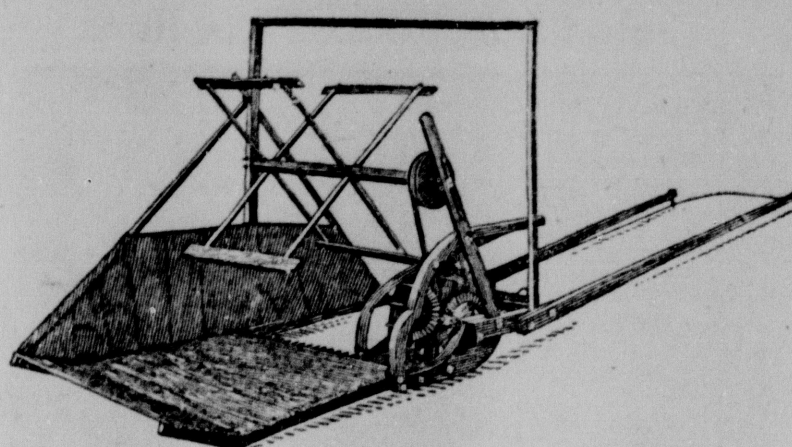

Washington—(UP)—Tuberculosis in swine can be prevented through preventing hogs from following cattle other than those which have passed tuberculin tests and by cooking carcasses, garbage and offal before feeding.

These preventive measures were contained in a bulletin, "Tuberculosis of Hogs" just released by the Agriculture Department.

"Allowing hogs to follow infected cattle is the chief cause of swine tuberculosis," according to the bulletin. "Hogs also become infected by feeding on tuberculous carcasses of various animals, including fowls, or an infected garbage."

Where tuberculosis already exists in a herd of hogs, the bulletin recommends removal of all affected animals from the farm as the best plan to eradicate the disease.

"Send the hogs to the slaughter house which is under federal inspection," says the publication. Give the tuberculin test to cattle remaining on the farm after removing them to clean quarters. Thoroughly clean

This granddaddy of the modern self binder conceived by Cyrus Hall McCormick one hundred years ago, will be on exhibition in front of the Dixon Implement company's store, 412-416 First street, Dixon, Thursday, January 29 all day.

Alfalfa Field Now Mother Of Midwest

Lexington, Neb.—(UP)—Little did the Arnold Brothers, farmers near here, dream that when they sowed a 20-acre field of alfalfa 20 years ago they were adding farmers of all mid-western states.

The original Arnold field is the "mother" to most of the alfalfa lands of Nebraska and many of the tracts of other western states. The variety of alfalfa has proven to be one of the most adaptable to severe winter conditions. It will not kill out.

The brothers have named their crop "Hardistan."

VISIBLE GRAIN SUPPLY

New York, Jan. 27—(AP)—The visible supply of American grain shows the following changes in bushels: Wheat increased 964,000; Corn increased 278,000; Oats decreased 1,464,000; Rye decreased 234,000; Barley decreased 158,000.

FARM BUREAU PLANS DRIVE ON TAXATION

American Federation Will
Study Problem at February Convention

Chicago, Jan. 27—(UP)—A concerted effort to lift the burden of unfair taxation from property owners is the purpose of a nation-wide conference on taxation, called by the American Farm Bureau Federation for Feb. 5 and 6 at the Hotel Sherman, Chicago.

National leaders in fields of industry other than agriculture have been invited to attend, M. S. Winder, executive secretary of the farm bureau organization, announced. Taxation students termed the conference particularly timely because in 20 legislatures state farm bureau organizations are pushing taxation as a major project.

Besides the National Farm Bureau Federation's Committee on Taxation representatives are expected from the following groups:

American Bankers Association; American Federation of Labor; National Grange; National League of Women Voters; United States Chamber of Commerce; Farmers Union; American Railway Association; American Civic Association; National Association of Real Estate Boards; National Association of Manufacturers; General Federation of Women's Clubs; American Electric Railway Association; and the National Electric Light Association.

Ask Official Grade For Four Vegetables

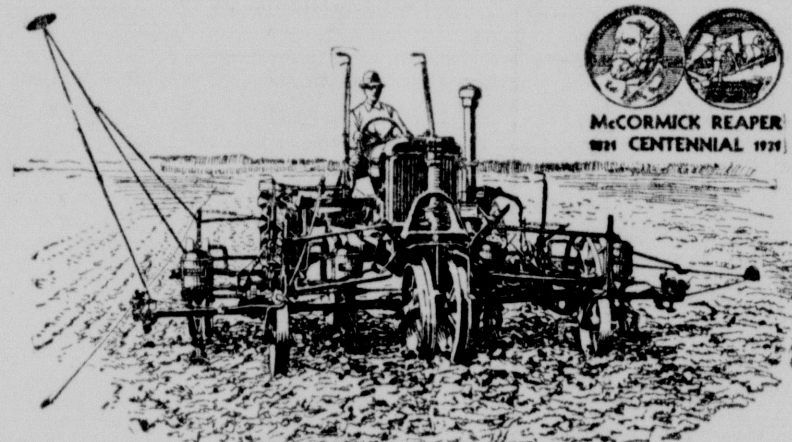

Springfield, Ill.—(AP)—Truck gardeners and fruit growers of Illinois have asked Director of Agriculture Stuart E. Pierson to promulgate official grades of four additional commodities, spinach, asparagus, sweet potatoes and pears.

They demand shipping point inpection service by the state department. A hearing will be held here Monday, February 3, to discuss the adoption of federal grades for these commodities as official state standards.

There is urgency for asparagus standards, officials say. Producers hope to have the federal grades adopted in time for the movement of the crop about the middle of March.

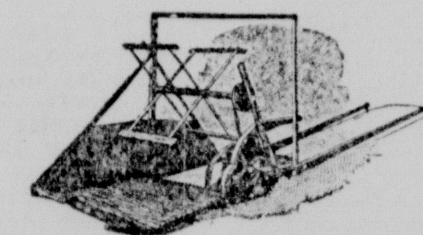

Dixon Implement Co.

Cordially Invites You to Attend
McCormick Reaper Centennial
Celebration and
Power Farming Entertainment

JUST one hundred years ago Cyrus Hall McCormick gave the world its first reaper. That was in 1831. Now, in 1931, we celebrate the centenary of that great event.

We want you to come in and be our guest for a day. A special program has been arranged for your complete enjoyment. Two miles of mighty interesting motion pictures—short talks on subjects of interest to every farmer—and a free lunch at noon for everyone. Plan now to be with us!

A full-size, working reproduction of the original 1831 reaper will be on display.

You will also see the five-reel motion picture, "The Romance of the Reaper"—especially filmed to celebrate the 100th anniversary of the invention of the McCormick Reaper.

at Our Store on West First Street

MICHIGAN HAS THREAT IN ITS REVAMPED TEAM

Staged Surprise Victory Over Ohio In Monday's Game

By UNITED PRESS
BIG TEN BASKETBALL

	W.	L.	Pct.	Pts.	Op.
Northwestern	4	0	1.000	117	92
Indiana	3	1	.750	113	103
Minnesota	2	1	.667	85	80
Chicago	2	1	.667	75	99
Michigan	4	3	.571	192	151
Wisconsin	3	3	.500	128	122
Ohio State	2	3	.400	116	133
Purdue	1	2	.333	75	69
Iowa	1	3	.333	80	101
Illinois	0	5	.000	105	136

Monday's Scores
Michigan 40; Ohio State 22.
Game, This Week
Saturday—Chicago at Minnesota.

Michigan, thrice defeated in early season games and subsequently counted out of the Big Ten title chase, was hailed today as a rejuvenated contender for basketball honors after a 40 to 22 victory over Ohio State. The victory was the second for Michigan in three days with the Wolverines' sophomores amassing a total of 81 points.

Although Northwestern, with four victories in as many starts, apparently has a strangle hold on first place, Michigan now appears as a determined bidder for the runner-up post with a chance to annex the title if Northwestern falters.

The Wolverines started slowly against Ohio, leading 15 to 10 at halftime, but staged a second period offensive which swamped the Buckeyes. Norm Daniels, veteran center and leading scorer of the conference, set the pace for point makers with five field goals and two free throws for a total of 12 points. Alenhor, sophomore guard, took second honors with three field goals and five charity tosses, while Mattison led the Ohio offense with two field goals and a free throw.

FIGHTS LAST NIGHT

By Associated Press
New Orleans—Tony Canzoneri, world lightweight champion, outpointed Johnny Farr, Cleveland (10) non-title.

Detroit—Tommy Grogan, Omaha, outpointed Harry Dubinsky, Chicago (10) Benny Dukes, Grand Rapids, Mich., and Don Collins, Erie, Pa., drew (10).

Philadelphia—Tommy Loughran, Philadelphia and Jack Gross, Salem, N. J., drew (10).

Chicago—Baxter Calmes, Wichita, Kan., knocked out Pete Vegas, Grand Haven, Mich. (2); Dick Sisk, Chicago, outpointed Otto Anderson, Terre Haute, Ind. (6).

Boston—Ernie Schaaf, Boston, outpointed Dick Daniels, Minneapolis (10).

New Haven, Conn.—Buddy Howard, New Haven, outpointed Chuck Burns, San Antonio (10).

Wheeling, W. V.—Freddie Miller, Cincinnati, knocked out Phil Zwick, Cincinnati (3).

At Ponca City, Okla.—Babe Hunt, Ponca City, outpointed George Trenkle, Edmond, Okla. (10).

Oklahoma City—Tommy Freeman, Cleveland, outpointed Eddie Murdoch, Oklahoma City (10).

Rochester, N. J.—Joe Sekyra, Dayton, O., outpointed Primo Ubaldio, Italy (10).

SPORT BRIEFS

Chicago, Jan. 27.—(UP)—Bruce Campbell, youthful White Sox outfielder, has been released to the Dallas, Texas League club on option. Campbell, a Chicago semi-pro star, played his first league baseball last season, joining the White Sox in May. He was farmed out at various times during the season to Springfield, Bloomington and Indianapolis and broke into several games with the White Sox as a pinch hitter.

New York, Jan. 27.—(UP)—Ralph Piccolino, Brooklyn heavyweight and Paul Swiderski of Syracuse, have been signed to meet in the ten-round semi-final to the Max Baer-Tommy Loughran feature in Madison Square Garden Feb. 6.

Fluoreto and Swiderski were originally scheduled to meet in the Garden, Jan. 16, but illness forced the Brooklyn boy to ask for a postponement.

Chicago, Jan. 27.—(UP)—Lightweight champion Tony Canzoneri of New York will make his first Chicago appearance since he won the world's title, in a 10-round bout with Goldie Hess of California at Chicago Stadium, Feb. 4.

Canzoneri's title will not be at stake, Hess agreeing to weigh not less than 135 nor more than 137 pounds. Hess lost to junior-weight champion Jack Berg in a championship battle at the Stadium last week. He also has been defeated by Canzoneri, dropping a close 10-round decision at New York last summer before Tony won his title.

New York, Jan. 26.—(UP)—Jim London, "Greek Adonis" successfully defended his claim to the world's heavyweight wrestling champion-

First Son of Reigh Count

There is great rejoicing on the John Hertz farm near Cary, Ill., for the new baby recently left there is a gentleman baby, the first son of Reigh Count, Kentucky Derby winner of 1923. The little thoroughbred is a sturdy youngster, chestnut colored, and already his owners see him starting in the rich stake races of 1931. He is shown above with his mother, Witchbroom.

ship last night against Jim McMillen, former U. of Illinois football player.

The bout ended after 56 minutes and 54 seconds of rolling, grappling, grunting and growling. The deciding hold was a full Nelson. London weighed 200 and McMillen 216.

The attendance was announced officially as 22,200. The receipts were \$69,456.50. The crowd was nearly four times as large as the one at the week's feature boxing bout last Friday when about 6,000 attended. Thousands were denied admission last night.

Cleveland, Jan. 27.—(AP)—Lew Fonseca, leading hitter of the American League in 1929, may get back as regular job as first baseman for the Cleveland Indians this season if Eddie Morgan makes good his threat to forsake the national pastime for a business career.

Fonseca was classed as trading material for an experienced third baseman until Morgan checked out, early last season took Fonseca out of the regular lineup and Morgan, replacing him, did so well he became a permanent fixture and banged out 26 home runs.

Pacific Coast's Courses Better

By FOSTER HALEY
New York, Jan. 27.—(AP)—Out along the Pacific coast, across the Great Divide, where the click of the winter tournament puttees makes sweet music for the ear of the wandering professional, the path of golf during 1930 was laid in pleasant places.

From Puget Sound to the Mexican border came reports to The Associated Press and the United States Golf Association of an increase in courses, an improvement in those already established and, more to the point, a large increase in the number of players.

The report of the public links at Seattle, Wash., gives a good indication of the general increase in play—280,000 persons used the municipal courses there in 1930 compared to 190,000 in 1929. Golf development in the area of which San Francisco is the hub has meant a \$1,000,000 outlay last year and this.

Several reasons might be suggested for this large increase—more courses over which to play and therefore less congestion, a spread of the gospel of golf, or a sudden increase in outdoor-consciousness, in brief, stay-at-homes. Charles Brandenburg, San Francisco sportsman, thinks the business depression forced a lot of people to have time for golf.

In 1928 and 1929, Brandenburg said, business men were too busy making money to give much time to golf. Then came the collapse of the boom. The business man had a lot of extra time on his hands and he went out on the links to forget his troubles.

Golfers Invade San Antonio, Tex.

San Antonio, Tex., Jan. 27.—(AP)—Professional and amateur golf stars flocked to San Antonio today for the Texas open, pioneer of the big money winter golf tournaments.

Among the professionals entered are Harry Cooper, New York; Ed Dudley, Wilmington, Del.; Al and Abe Espinosa, Chicago and Walter Hagen, Detroit.

An 18-hole medal qualifying tournament for amateurs will be played tomorrow, and a pro-amateur best ball match Thursday. The 72-hole championship will follow Friday, Saturday and Sunday.

Much interest was manifested in the effect the new ball might have on the tournament, since 12 fairways on the Brackenridge park course run north and south and a wind might play havoc with scores.

Who will it be? Some Dixon boy or girl is going to receive \$100 for the best poem on Dixon. Every boy and girl should make an effort to be the lucky one.

COLLEGE MEN GET CHANCE IN SENIOR LEAGUE

Quite A Sprinkling Of Campus Boys To Get Workout

By HERBERT W. BARKER

New York, Jan. 27.—(AP)—A hurried glance over the list of new players coming up for trials in the National League this spring reveals a liberal sprinkling of college men, a large majority of them from the south.

At least thirteen colleges will be represented by rookies in the training camps of the eight league clubs. The Midwest will send men from Wisconsin and Michigan.

Most of these rookies have to glance over a considerable span of years before they reach their college careers but at least two of them, Howard Grossklos of Amherst, and Dick Montague of Michigan, will hit the major leagues directly from the college campus.

Grossklos was an all-around athlete at Amherst and will get a chance to show his infielding ability with the Pittsburgh Pirates at Paso Robles. Montague, a right handed pitcher, comes up with the Chicago Cubs.

One of the most interesting college recruits will be Tom Nash, a great football end at Georgia, and drafted by the New York Giants from Asheville of the Sally League. Nash, an outfielder, hit .312 last season.

The Boston Braves will give trials to Bill McAfee, right handed pitcher from the University of Michigan, and Ray Paul Flaherty from Gonzaga. McAfee was obtained from the Chicago Cubs and won seven games and lost eight for Reading, a seventh place club in the International League in 1930. Flaherty, an infielder, was recalled from Canton, O.

In addition to Nash, the Giants will try out Arthur Mansfield, outfielder from the University of Wisconsin via Springfield, O.; and Wilford Morrell, pitcher, from 1929, by way of Shreveport.

The Pirates' college men include George Grant, pitcher, Auburn and Rochester; Clay Mahaffey, pitcher, Clemson and Henderson, N. C.; and Ben Sankey, shortstop, Auburn and Wichita.

Bob Perham, outfielder who gets a chance with the Brooklyn Robins after hitting .352 for Macon of the Sally League, is a Georgia Tech man and Max Rosenfield, a Robin infielder recruited from Toledo, attended Alabama.

Fred Koster, from the University of Louisville, hit .340 and stole 30 bases with Little Rock last season and comes up with the Phillies. Hal Lee, another Philly recruit who came from the Robins, was at Mississippi College.

Oliver Hunt, recalled by the St. Louis Cardinals from Houston, played at Texas A. & M. from 1924 to 1926.

PA STRIBLING IS PROMOTER: IS FUNNY MOVE

Looks Like Garden's Hand Is Back Of His "Debut"

By HENRY McLEMORE

United Press Staff Correspondent
New York, Jan. 27.—(UP)—Mickey Walker and Johnny Rizzo will meet in Miami Feb. 24, just one week before Frank Bruen presents Primo Carnera and Jimmy Maloney to the sun-tanned natives.

Bruen, one-time general manager of Madison Square Garden, announced his extravaganza several weeks ago; the Walker-Rizzo opposition thing was announced only yesterday with "Pa" Stribling as the straw promoter. By straw promoter is meant that many of the boys and girls are convinced that "Pa" is nothing more than a front for the Garden in an attempt to put the chill on an old employee's show.

The Garden has renounced all claim to the show, pointing out that Walker is suspended in this state and to deal with Mickey would lead to all sorts of complications with the New York Boxing Commission. The Garden did admit, however, that its stadium at Miami had been leased to the elder Stribling for his show. Stribling, in turn probably will rent it to Bruen.

"Pa's" show will be much more than just a meeting between the mid-dleweight king and the Cleveland baker boy.

Two of the extra attractions will be the personal appearance of W. L. "Young" Stribling and Max Schmeling. W. L. and Max each will box

LIVESTOCK VALUED
Washington, Jan. 27.—(AP)—Livestock on farms of the United States January 1 were valued by the United States Department of Agriculture in its annual survey, at \$4,396,447,000 compared with \$5,887,974,000 a year ago and \$6,006,066,000 two years ago.

several rounds with a sparring partner.

Schmeling, by the way, is scheduled to arrive today on the liner Europa. The Europa is scheduled to dock at 6:00 P. M. and Joe Jacobs, manager of the champion, will head the receiving line. Max will be accompanied by Max Machon, his trainer.

Max will remain here until time for his departure on the barnstorming tour that will carry him into some 35 cities and villages. He will rest for two weeks following the conclusion of his tour and will then start work for his title fight with Stribling in June. Jacobs will not select a training site until the place of battle has been definitely decided upon.

Brief Summary of Last Night's News

By Associated Press
DOMESTIC

Washington—Senate we'll muster 26, their largest vote, but are defeated in effort to send Howell dry bill back to committee.

New York—Attorney for owners of Canadian vessel Josephine K., says the ship was outside 12-mile limit when coast guard shell killed captain.

Washington—George Johnson, navy aviation machinist's mate, killed when plane falls into Guantanamo Bay, Cuba; Lieutenant Raymond R. Lyons, pilot, escapes serious injury.

Chicago—Policeman, civilian and one robber wounded in \$19,000 department store hold-up; seven Negro high school students wounded when two classmates fight gun duel over 25-cent loan.

Washington—Senate passes bill authorizing distribution of 20,000,000 bushels of wheat held by farm board for relief purposes.

Chicago—Unnamed woman donor provides funds for excavation in ruins of Persepolis, capital of Emperor Darius and Xerxes, by University of Chicago archaeologists.

Jersey City—Former United States Senator Edwards, who committed suicide, left note to daughter saying goodbye and telling where to find insurance and other papers.

Baltimore, Md.—Bandages removed after operation to restore sight of Booth Tarkington's left eye.

New York—John D. Rockefeller, Jr., gives \$250,000 to Red Cross drought relief fund.

FOREIGN

London—Churchill protests against dominion status for India; Baldwin says if conservative government takes office he will carry on Indian policy outlined at round table conference.

Paris—Laval forms cabinet.

Geneva—Unemployment committee of international labor office finds that high wages are not contributing cause to unemployment.

Havana—House of Representatives authorizes President Machado to continue suspension of constitutional guarantees.

SPORT

Chicago—Hall defeats Reisel 60 to 42 in 63 innings to go into tie with Reisel, Layton and Thumblard for first place in three cushion billiard tourney.

New York—Londres wins wrestling bout from McMillen in 56 minutes, 54 seconds.

Grand Junction, Tenn.—Mary Blue, pointer, wins national field trial championship.

Oakland, Calif.—Arlett, Oakland outfielder, sold to Philadelphia National's.

ILLINOIS

Belvidere—The county grand jury began an investigation of the operations of A. W. Benham, financial "wizard" while a crowd of investors called at Benham's home and collected their 10 per cent dividend.

Chicago—S. A. Miles, manager of the Chicago automobile show, said that crowds at the opening session of the show indicated they were eager to start buying again.

Sterling—A series of robberies in Dixon, Galt, Erie, Milledgeville and Ohio, Ill., are believed by authorities to have been solved with the arrest of five youths and the seizure of an arsenal of gang equipment.

These held were Howard Layman, alleged leader of the gang, Forest Ridout, Robert Ginkler, Mason Hackett and Kenneth Johnson.

Princeton—Ten days were required to select a jury to try Roy Petkus for the murder of Gustav Post, Springfield dance hall operator.

Arguments over the legality of having women on the jury panel delayed progress of the trial. State's attorney Carey Johnson is demanding the death penalty for Petkus.

Chicago—A list of state's witnesses for the trial of Leo Brothers on a charge of slaying Jake Ling, Tribune reporter, contained the names of a dozen policemen, Mrs. Lingle, the widow, Coroner Herman Bundesen, former Chief of Detectives John Sege, and Pat Roche, chief investigator for the State's Attorney.

Chicago—Silas Strawn, chairman of a citizens committee on public finances, warned that Chicago and Cook county face another period of

The sun's rays won't have any trouble finding the little Misses Virginia and Winifred Anthony, twin visitors from Philadelphia at Palm Beach, Fla. Here they're pictured on the sands, looking "doubly" cut in their sun front bathing suits. Their parents are Mr. and Mrs. Roscoe T. Anthony, prominent social registries.

financial embarrassment unless a change is made in the system of tax assessments.

Chicago—Frank Smythe, Lester Frankle and Edward Max Nolan will have to remain in jail unless they are able to furnish bonds of \$1,065,000 each. Judge Frank M. Padden fixed the bonds when the trio was arraigned on robbery charges.

COMPTON NEWS

Compton—Harry Christiance has purchased the store building from Mrs. Paul Krings, and has started razing the same the fore part of this week. He has planned to build a modern residence at his home north of town, to replace the one destroyed by fire a few weeks ago. The razing of the Krings building marks the blow to old landmarks, as this, along with the Emil Henry building recently acquired by the places formerly occupied by saloons. The unemployment situation was somewhat relieved when Mr. Christiance decided to raze the building instead of moving it to his home. He has several men working on the building.

Mrs. Robert Fuller will leave early this week for Charlotte, N. C. where she will join her husband, Mr. Fuller has charge of a road machine for the Whitehouse Co. of Rochelle, which they are displaying at the various road machinery shows throughout the south, during the season.

Mr. and Mrs. Theodore Johnson, who have been employed at the Antion Haefer farm for the past year, left Saturday for a farm near Rockford, where they expect to be located for the coming year.

Martin Bauer who has been quite ill at the home of his daughter, Mrs. J. E. Montavon, is somewhat improved, and expects to be returned to his home soon.

Isadore Kaufman visited during the week end here, and returned Monday to Chicago, to resume his studies at the University of Chicago.

Gene Tennant of Pav Paw, who is recovering from a serious operation at the local hospital during the week, is getting along fairly well.

Clarence Politich, son of Mr. and Mrs. George Politich underwent a tonsillar operation Sunday.

Mrs. Louis Kessler submitted to an operation Sunday morning.

Dr. C. G. Reed visited during the week with his daughter, Mrs. Cornelius Hoopers and husband at their home in Chicago.

Henry Glaser who had been confined to his bed for the past week with pneumonia is quite improved at this writing.

Mrs. George Fasig of West Brooklyn, was in Compton during the week, for the first time following her operation at the local hospital a few weeks ago.

Miss Faye Cook plans to resume her teaching this week, following her recovery from a recent appendicitis operation at the local hospital two ago.

The Compton Athletic club won two games from Lee at Lee last Tuesday

CAPITAL AMONG DRIER CITIES OF THE NATION

But Senator Howell Is Planning Law To Make It Drier

By CECIL OWEN

United Press Staff Correspondent
Washington, Jan. 27.—(UP)—Attention has been focused on prohibition conditions in the nations capital by the Senate's consideration of the Howell bill, designed to become the enforcement act for the District of Columbia, just as state enforcement acts serve in individual states.

Enforcement in Washington comes directly under the eyes of governmental officials from President Hoover down through the various department heads to the policeman on his beat. The bill is expected to serve as something of a model—showing what Congress and the President believe necessary to obtain maximum enforcement.

Senator Howell, Rep. Neb., author of the measure, has told the Senate he is shocked by conditions in the Capital.

"I have found that not only was Washington a virtual sanctuary for stores of bootleg liquor, he said, 'but that professional, high class bootleggers led a charmed life while the hazard of the common, garden variety was nominal."

"I have found that the hotels of the city especially the great hostleries, were hotbeds of liquor violations with never a raid or a prosecution of the principles involved."

"I have found that it seemed to be the notion here that prohibition is for the masses, not for rank, wealth and others willing to pay cover charges."

"I have found that but four police officers, supplied with one automobile of uncertain vintage were detailed to stop bootleg liquor filtering into Washington by the 24 highways leading into the city."

Among Drier Cities

Unofficial observation of the liquor trade here would, perhaps, place Washington among the drier cities of the nation. Liquor is far less plentiful than in New York and many other cities.

Washington doesn't boast as far as fairly close investigation would reveal a single first class speakeasy. It does have a small number of places which resemble speakeasies, but they are neither popular nor of the type such cities as New York and Detroit support in numbers.

Bootleggers transact their business on the home delivery basis. Straight alcohol which often is made into synthetic gin by the purchasers, is the commodities in greatest demand.

Next to gin, there is an ample supply, apparently, of real or synthetic whiskey, brandy and rum. Wine and beer, other than home brew, are almost unknown commodities, however, excepting at the embassies.

The embassies can bring in liquor as they see fit, and there are many storerooms of truckloads of liquor consigned to diplomatic establishments coming into Washington. The general public, however, seldom gets any of this, although most any bootlegger will tell a customer if he thinks the customer wants to be told, that what he is selling is right out of diplomatic channels.

Virginia and Maryland, at times, contribute considerable quantities of native rye or corn whiskey to the Washington supply, but of late this flow has been considerably reduced owing to more strict patrols of roads leading from those states into the capital.

Eradication Of T. B. In State Continues

Springfield, Ill., Jan. 27.—(UP)—The Federal Bureau of Animal Industry has allotted the Illinois State Department of Agriculture an additional \$100,000 to indemnify owners of cattle condemned as tuberculous, it was announced here today.

The additional allotment brings the state's quota of Federal funds for bovine tuberculosis indemnity, for the fiscal year that ends June 30, to \$300,000.

D. W. Robinson, Superintendent of Animal Industry, through which the state conducts its tuberculosis eradication program, stated that, by virtue of this additional appropriation from the Federal Treasury, the testing program can continue without interruption until the end of the biennium, with assurance that claims for indemnity can be paid promptly—half by the state of Illinois and half from Federal allotments.

STOCKHOLM SHOWS GROWTH

Stockholm.—(UP)—Stockholm now has more than half a million inhabitants. Last year the number increased with 16,496 to 509,097. Including some nearby "garden cities" and other towns within commuting distance, greater Stockholm numbers 635,235 inhabitants, or 19,467 more than 1929.

The Swiss Federal Council has outlined to the end of 1933 operation of a law prohibiting the erection of hotels except in cities of more than 100,000 population.

The world's shortest war lasted only 30 minutes. It was declared against England by the Sultan of Zanzibar, but the Sultan changed his mind in half an hour.

SEVERAL CITIES

BOAST MILLIONS

WITHIN LIMITS

While Others Are Kept Out Of Class By Old Boundaries

By Charles Honce

New York, Jan. 27.—(AP)—Literary Uncle Sam says there now are five cities in the United States with a population in excess of one million, against three in 1920, but a more poetic license reveals that actually there are 15 municipalities in the magic million class.

Whatever Uncle Sam's 1930 census takers may say, the citizens of those municipalities always talk in terms of "Greater City."

Whether the 1940 census count actually will show at least 12 cities with more than a million depends on how these cities and their suburbs solve the problems of union.

Already several municipalities are trying to do something about it, through legislative action, annexation and rewording of charters.

The paradox of a metropolitan listed by Uncle Sam at approximately a third of its actual community strength is presented by Boston.

Boston proper has 781,188 citizens by the 1930 census, but 1,995,168 persons were counted in the closely packed network of 43 cities and towns separated as a rule by an arbitrary and artificial boundaries.

Plan Unification

Two bills have been introduced in the Massachusetts legislature, including one by Mayor Curley, for unification "in degrees" establishing a municipal corporation in which the smaller towns would have local autonomy.

Where are these 15 potential million souled communities? The government lists New York City, Chicago, Philadelphia, Detroit, and Los Angeles, the latter two having climbed in the band wagon since 1920.

But New York actually has four boroughs—Manhattan, Brooklyn, Queens and the Bronx, each with more than a million population. The Bronx and Queens likewise crossed the million mark since 1920.

Another eastern metropolis on the horizon may some day see the combination of the network of New Jersey communities opposite New York City into a center of more than 2,000,000. Civic organizations have sponsored the idea and a tentative name—Essex—has been suggested by proponents.

Cleveland trembles on the verge of its first million, but the metropolitan population is far over the mark; the same applies to St. Louis, Baltimore, Boston, Pittsburgh and San Francisco.

The metropolitan count of St. Louis is 1,293,049 against a strict census count of 821,960 for the city proper.

St. Louis May Spread
Efforts to extend the city's boundaries, the latest of which failed at an election last November, have been hampered by the unique status of St. Louis, which is a part of the state yet not a part of any county. A recently adopted constitutional amendment authorizes annexation of existing urban districts without state election and this may solve the problem.

In 1929 a metropolitan plan movement which would have given Pittsburgh a population of nearly 1,500,000 was defeated in a listless election. The city proper had 689,917 in 1930.

Baltimore's latest population count is 804,874, but as the city's physical boundaries have remained unchanged, it cannot count its full 1,923,201. For decades not an acre of territory has been added to its 42 square miles, although its population has grown; and, to enlarge its limits, a increased steadily to 634,394.

But it is intent to achieve its million-wide supported plan has been launched to adopt the greater New York system of boroughs and annex adjacent territory.

Through yesterday's move, five of the factions stood united today in the effort to beat Thompson and nominate Lyle to oppose Anton J. Cermack, who is considered almost certain to be the Democratic nominee. Thompson is left running alone, with Deneen backing Albert and Lundy backing no one although announcing he is "still hoping for unification against Thompson."

Farm Accounts Are Of Genuine Value

Do you know how much money you made or lost during 1930? Many farmers do not. Many do not even know whether they ended the year with a profit or loss. This may not seem possible, but the amount of money in the bank or the amount taken in during the year doesn't always indicate the financial progress made.

A farmer who ends the year with more money in the bank than he had at the beginning of the year, but this extra amount may be due to sales of livestock or machinery which was not replaced. Then he really is not ahead so much. The only positive means of knowing whether or not you are making money is to keep a complete set of books, including every transaction made during the year.

The dairy farmer who belongs to a dairy herd improvement association knows that it paid him to buy improved stock and feed a balanced ration because the tester is keeping books on the herd for him, but on other items he does not know how he stands, unless he keeps his own book.

The county agent will be able to help any farmer start his records. Two bulletins on the subject are furnished by the U. S. Department of Agriculture, Washington, D. C. These are Farmer's Bulletin 1339, "A Method of Analyzing the Farm Business," and Farmer's Bulletin 1132, "Farm Improvements," which will be supplied free of charge.

Esperanto is an international language invented by Dr. Zamenhof, an oculist, Warsaw, in 1887, and the most common stems of roots of the different languages are used as the basis.

The five are: Charles V. Barrett, member of the Board of Review, who withdrew as a candidate; George F. Harding, life-long friend of Thompson and City Comptroller during the Mayor's second administration; Edward J. Brundage, former Attorney General and leader of north side Republican forces; Dr. John Dill Robertson, for many years a west side political leader; and Bernard W.

Snow, chairman of the Republican County Central Committee.

Thompson, Senator Charles S. Deneen, Fred Lundy, and these five men are regarded as the real leaders of Chicago Republicans. Deneen is backing the candidacy of Alderman Arthur P. Albert. Lundy has not publicly thrown his support to any candidate.

During recent weeks the Republican party in the city has been split into eight factions over the race for the mayorship, to which extraordinary importance is attached this year because the victor will be mayor during the World's Fair.

Through yesterday's move, five of the factions stood united today in the effort to beat Thompson and nominate Lyle to oppose Anton J. Cermack, who is considered almost certain to be the Democratic nominee. Thompson is left running alone, with Deneen backing Albert and Lundy backing no one although announcing he is "still hoping for unification against Thompson."

TUESDAY EVENING, JANUARY 27, 1931.

FOR GINGER'S SAKE

By ETHEL HUESTON

© 1930 THE BOBBS-MERRILL CO.

BEGIN HERE TODAY

Because life was so slow in the little town of Red Thrush, Iowa, GINGER LILA TOLLIVER counted the idea of a Junior Country Club to save the younger set from utter boredom. It was to be a place where parents allowed no babies. Accordingly, she arranged for the purchase of the Mill Rush farm, a 10-acre tract with an old house on it, and proceeded, with the assistance of her friends, to overhaul and furnish it.

One day, while the rehabilitation of the club house was going on, an artist called at the kitchen of the Tolliver home and offered to do a portrait in exchange for a meal. After he had shaved off his beard GINGER found to her surprise that he was good looking. He had studied in Paris and his name was BARD HOLLOWAY.

GINGER, who was never at a loss for ideas, thought it would be a good one if Bard remained for a while in Red Thrush instead of wandering about the country like a hobo. He could pick up some money painting portraits for the families who would be attracted—especially if the Tollivers sponsored him. And he proceeded, with the assistance of her friends, to overhaul and furnish it.

This is just great," said Bard. "You are awfully good to me. You know, Mrs. Tolliver, I think I must have been very lonely. I didn't realize now I don't feel that way at all. I'll try not to stay too long—and I'll be on my very best behavior every minute. I won't wipe paint on the guest towels, nor smudge crayon on the table linens—that sort of thing."

Phil smiled at him. "You're a nice boy," she said. "If you will just help me keep GINGER from being too bored for a while I shall be really grateful to you."

"Bored?" he gasped. "Here? With you? Oh, she couldn't be."

"As soon as you are ready," GINGER interrupted briskly, "you hurry right down. I want to take you to Mill Rush to show you what I want done. We're in a great hurry to get it in shape."

When they had left him and were alone together Phil's voice, though kind, was gently firm. "You must take Patty with you, GINGER," she said.

"Oh, Phil. Then some one will have to sit in the rumble seat—and it's bound to be—"

"Be a nice GINGER and don't argue with your stepmother," said Phil. "Remember that he has lived abroad and is used to the Paris brand of conventions for Nice Women."

"He must be conventional! Latin Quarter and the Bohemia of Greenwich Village."

"If he has found the Latin Quarter any more Bohemian than a Methodist parsonage, he is an abandoned creature and would best be on his way. Just to please me, GINGER. For a day or two—long enough to confirm his good impression of us—and ours of him."

GINGER pretended to pout, but she could not hide the satisfaction in her voice when she put in a telephone call for Patty.

The rehabilitation of Mill Rush proceeded at a rate that was no less than miraculous, considering

that all hired labor was paid by the hour. It was the superabundant of extra and free hands that worked the miracle—hands that were not amenable to union rules and regulations.

If a workman left his job, or let his tools out of his hands for so much as 10 minutes, his place was filled with a dozen scabs almost before his back was turned. If a painter abandoned pail and brush at the usual union hour of five, in the morning he found the pail emptied of paint and the work—for which he was to have been paid by the hour—completed.

In the presence of 10 solid acres of ardent volunteers, the only way for a honest man to make a living wage was to work from daylight until dark and to eat with his instruments of labor under his feet. There was no waiting for the sun to shine at Mill Rush. Every time a paid laborer laid off, a dozen free substitutes leaped into the breach with a cry of joy.

The result was that when GINGER—who found that three congenial spirits could ride very comfortably indeed in the front seat of the Dido—introduced Bard Holloway to Mill Rush she had good reason to be proud of her proprietorship.

The grounds were entirely cleared of dead brushwood, weeds and wind-blown plant debris. The wood lane leading from the highway was a pleasant winding drive quite free of treacherous ruts and tire-bruising stones. Early spring wild flowers and hardy grasses were springing up and every bough was curling into leaf.

And re-enforced and were decked out like stage-settings in a variety of porch furniture garnered from a huddled home, freshly stained a rugged, rustic brown, and upholstered with cretonne in orange and red.

The broken windows had been repaired, the shutters repaired and painted a deep ivory; the tennis court was ready for the net; swings were suspended from the hardest trees; chains were hung for the hammocks.

Three small garden plots had been spaded up and sown with seeds for early vegetables, each tract carefully lined and marked. Chickens were strutting cheerfully in their fenced enclosure, and on the bit of pastureland on the hillside a Jersey cow grazed in serene contentment that her declining days had fallen in pleasant places, and

Mrs. Carter, the old mare, bore her dignified companionship.

GINGER unlocked the door with something of a flourish.

"Welcome," she cried heartily. "To Jolie de Vire a la Middle West."

The interior of the house was ready for occupancy except that some of the contributions of bedroom furniture had not yet been collected from the donors.

As GINGER said, "What you pay for, you get first," and having paid for the chairs and tables in the dining room—although she was not yet sure but it should be called the ballroom—it was fully furnished. There was an immense fireplace at each end, since two large rooms had been thrown together, and the tables were ranged along the walls with a carefully studied carelessness of effect, tables for two, for four, a few for six, and against the wall on the left, for the use of convivial club crowds, an imitation refectory table with benches, which could seat 20 without crowding.

BARD studied the large room with its handsomely paneled walls with great interest.

"I don't know," he said thoughtfully. "It is very nice as it is. Those pale walls with the black frames will make a stunning background for pretty living girls in brilliant gowns. Seems almost a shame to clutter up that soft tone with flamboyant modern stuff. Why not try it first with just one figure in each panel? And no queer birds and girls and that sort of trifle."

"Why not alternate types? In one panel have a demure little Puritan going to church, then a French danseuse strutting her stuff? Maybe a pirate swinging his cutlass and after him a pilgrim father? It will not take long to sketch one figure like that in each panel, and then later on if we want to we can put one object in each panel as a background—a church for the Puritan, I suppose, a corner of Cote de la Paise for her sister next door, a rakish boat for the pirate and a strutting turkey back for Papa Pilgrim. That sort of thing. Wouldn't it be more unusual—and maybe more harmonious?"

GINGER professed herself willing to be pleased with anything and urged him to get to work immediately before something turned up to interfere with her wishes.

And while you're doing it, Patty and I'll breeze around town in the Dido and gather up the rest of the donations that they are holding out on us."

CHARGES COAST GUARD OFFICER INTOXICATED

Member Of Rum Runner's Crew Makes Accusation To Press

By Harry Ferguson
(United Press Staff Correspondent)
New York, Jan. 27.—(UP)—Charges that the commander of the Coast Guard cutter 145 was intoxicated when he boarded the Josephine K., were made today by members of the crew of the Nova Scotia schooner which was captured offshore with a cargo of liquor.

WINTER DROUGHT THREATENS CROP PROSPECTS NOW

Follows the Historic Dry
Summer: Sub-Normal
Precipitation

Chicago, Jan. 26—(UP)—The historic dry summer of 1930 is being followed by an unprecedented winter drought which may prove as disastrous as that of last year, it was indicated today in crop and weather reports from throughout the country.

Especially in the midwest, the reports showed, there has been so little snow and rain this winter that there is intense suffering in some sections and winter crops are facing destruction.

With dry winter months following summer dries when streams and wells dried up and cattle died in the fields for lack of water, the situation in some states is becoming acute, it was indicated.

Kentucky and its neighboring states of the south central section have been particularly hard hit, according to the reports, and in some cases whole towns are suffering because of lack of water supplies.

Gardeners Hit
Around Chicago, where there has been less precipitation this month than in any January since 1860, truck gardeners already are faced with a serious problem in the preparation and planting of early maturing crops.

Thus far this month there has been less than one-half inch of moisture as compared with more than two inches in a normal year. During 1930, there was 9.92 less rain all here than in a normal year, which left the surrounding country already unusually dry when the present winter drought began.

The temperature also has been unfavorable for gardeners, alternating from short periods of freezing weather to spring like days, like yesterday, when the mercury climbed as high as 47 and went no lower than 33. There has been no blanket of snow to protect the bulbous plants and they have suffered.

Winter Crops Suffer
The lack of a snow blanket, plus frequent and violent changes of temperature and lack of moisture has seriously injured wheat and other winter crops, it was reported in several sections.

Predictions for today held no hopes of relief.

For Chicago moderate weather was forecast. In the Atlantic states the prediction was for fair and colder. Temperatures in the Rocky Mountain region continued mild with no sign of storms.

California and the southwest had fair and warmer weather. At Kansas City the mercury did not drop below 40 Sunday and it was not expected to go below freezing today. Rain fell in Oregon and Washington.

CHILDREN'S COLDS

DOUBLY DANGEROUS

WITH FLU AROUND

While there is no cause for serious alarm over the development of scattered cases of flu in this locality, health authorities say that extra precautions should be taken to check every cold at the start. Unless treated promptly, colds tend to lower body resistance and may pave the way for an attack of influenza with all its serious complications.

Internal medication should be avoided except on the advice of a physician. Too much "dosing" often disturbs the digestion and lowers the vitality just when the child needs its body-strength most.

Applied externally, Vicks VapoRub can be used freely and as often as needed with no fear of upsetting the stomach.

Rubbed on throat and chest, Vicks set thru the skin like a poultice or plaster, drawing out the tightness and soreness. At the same time, its medicated vapors, released by the warmth of the body, are inhaled direct to the irritated air passages, loosening the phlegm, and soothing the irritation.

Of course, Vicks two-way action is just as effective for adults' cold-troubles, too.

Don't take chances with colds NOW.

Husband Seventy-

Eight Wives Dead

Chicago, Jan. 26—(AP)—Aredis Demourjian, who claimed to be 109 years old and to have had 78 wives and 118 children, died in a rooming house yesterday of heart disease. He told friends that he was a former Turkish governor.

Lee Co. Farm Bureau Affairs

A project providing for the development of community Farm Bureau

representatives of the University of Illinois, was started into operation Friday evening with a meeting at Davis Junction. There were about 50 present at this meeting representing the Farm Bureau members of the community who expect to hold regular program to acquaint the people of the community with the work that is being done by the Farm Bureau.

Due to the great volume of activities that are now carried on through the Farm Bureau office it is not possible to give as much individual service to members as would be desired. It is, therefore, the thought of the Farm Bureau committee that service to groups at community gatherings is particularly advisable.

A series of programs providing for addresses, entertainment, music and varied programs is to be put into operation in the Davis Junction community which is one of several communities developing this plan.

At the meeting Friday evening Mrs. John Mammenga was chosen as chairman of the program committee for next meeting. The township Farm Bureau director is Tom Richolson. Organization leader is E. L. Titus and the member of the Community Organization Committee from that township is Mrs. Helen Berg. These officers will assist the program committee in developing the project.

Six Of Family Are Monoxide Victims

New York, Jan. 26—(UP)—Six members of one family were dead today after a gas heater, left burning in the apartment where they slept, consumed all the oxygen in the room and they suffocated.

Jacob Cohen, his wife and four children were found in their apartment by Samuel Levy, Mrs. Cohen's brother, when he came to pay a visit. Ambulance emergency squads tried unsuccessfully to revive them.

CASH PAYMENTS TO VETS WOULD COST BILLIONS

Administrator Hines Estimates It Would Involve Huge Sum

Washington, Jan. 26—(AP)—Veterans Administrator Hines testified before the Senate Finance committee that cash payments of veterans compensation certificates would involve \$3,528,022,000.

He was the first witness after the committee had voted unanimously to go forward with hearings on Senate proposals, despite insistence of House leaders that proposals to pay the certificates was revenue-raising legislation and should originate in that branch.

Senator Watson, the Republican leader, presided in the absence of Senator Smoot, who was ill.

The action of the American Legion's Executive Committee in Indianapolis yesterday, endorsing the principle of immediate retirement of the certificates, received the notice of both Senate and House leaders.

To Study Bill

Republican Leader Tilson said the House Ways and Means committee had agreed to start studying a conversion bill—of which there are about 50—the latter part of the week.

Democratic Leader Garner, author of a cash payment plan, said he assumed "this means action at this session." His bill would pay the veterans the present surrender value of their certificates, at their option. Estimating 60 per cent would cash conversion he believed it would cost \$1,200,000,000.

Secretary Mellon has reported to the Finance committee it would cost "\$2,000,000,000 more or less."

Before the Senate committee

ABE MARTIN

Women have made marvelous strides, an' excel at about everything now, 'cept talkin' one at a time. A garlic breath makes a dandy chaperon.
